TRAINING TO STUDENTS

Remedial coaching classes for all the subjects are given to the children so that they get maximum practice of the subject. Enhanced quality of education. Improved academic performance, increased self-confidence and a more positive attitude towards learning. Enhanced students' exam preparation, learning outcomes and overall success.

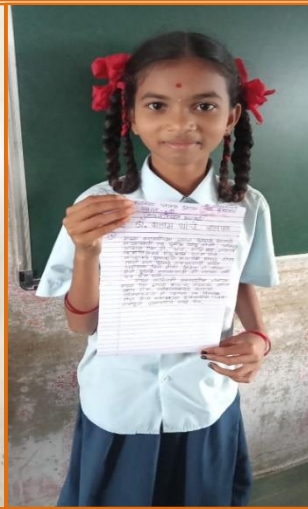

EDUCATIONAL BOOKS AND UNIFORMS DISTRIBUTION

Notebooks, workbooks and uniforms are provided for additional practice. Our support reduced the burden on the families.

EXTRACURRICULAR AND CO-CURRICULAR ACTIVITIES

A school needs to be made fun for children to attend. EOTO supports the school in conducting the activities like annual sports through employee engagement program by Renaissance Global Limited volunteers. annual cultural event, celebration of festivals, birthday parties, farewell party, competitions like essay, art & craft, music, singing, dance, drama, educational visit , Vanbhojan etc..

SELF DEVELOPMENT

For a child to become a responsible citizen and move ahead in life lot of qualities are required hence Renaissance Global Limited volunteers conduct sessions on civic awareness, Karate, Chess personality development, carrier guidance, Dance, Volleyball, and Football sessions.

EMPLOYEES ENGAGEMENT PROGRAM BY RENAISSANCE GLOBAL LIMITED VOLUNTEERS

ANNUAL EVENTS

Every year annual day celebrations was conducted in Bhopoli School. EOTO along with Renaissance Global Limited organized the function .The main objective of the activity was to provide students an opportunity to showcase their talent such as dance and singing.

EXPOSURE VISIT

Every year students of Palghar location's schools under EOTO were taken for picnic to Nehru Planetarium and Prince of Wales Museum. This tradition of inviting the students to Mumbai and providing them with Scientific and Historic Knowledge has been happening for years. The purpose of this picnic was to provide students with a unique learning experience, broaden their knowledge, and foster a sense of camaraderie among them.

NUTRITIOUS SNACKS DISTRIBUTION

Nutrient-rich snacks supported cognitive function, helping children stay focused and attentive during their activities. Snacks helped to prevent hunger. When children are hungry, it can affect their mood, behaviour, and ability to learn or participate in activities.

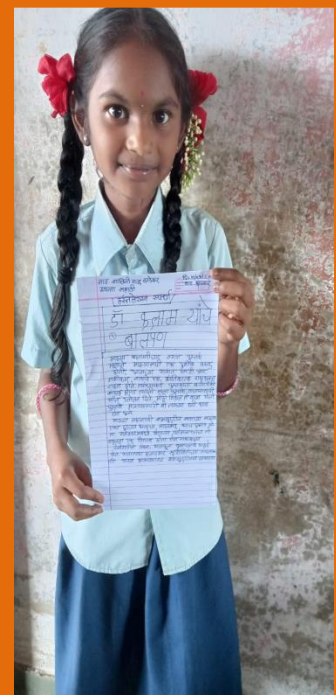

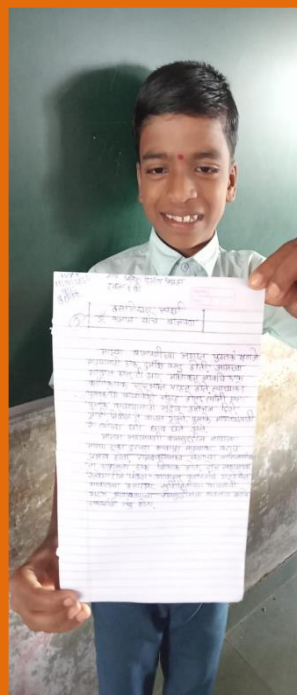

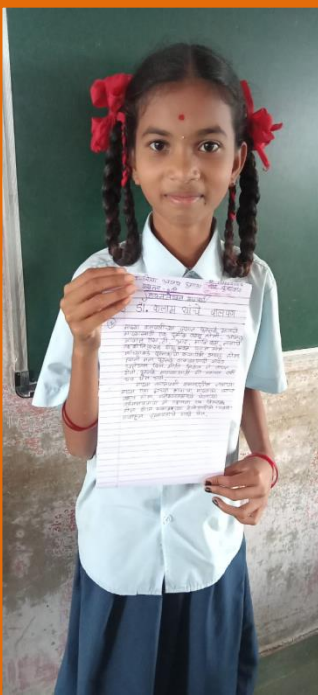

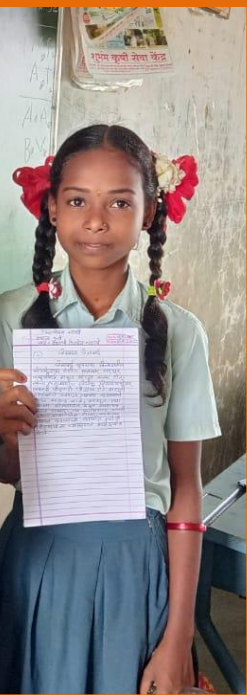

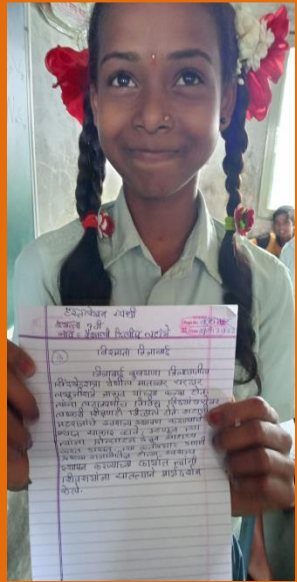

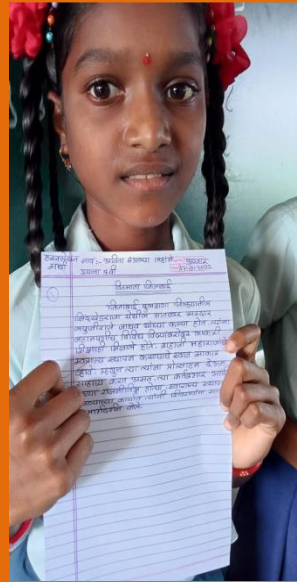

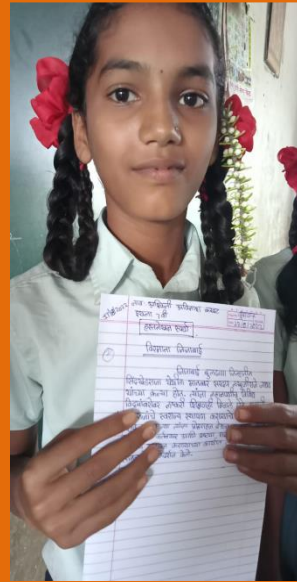

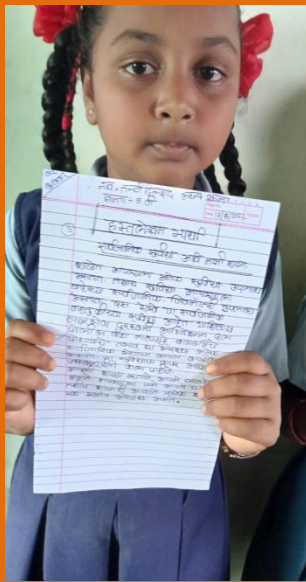

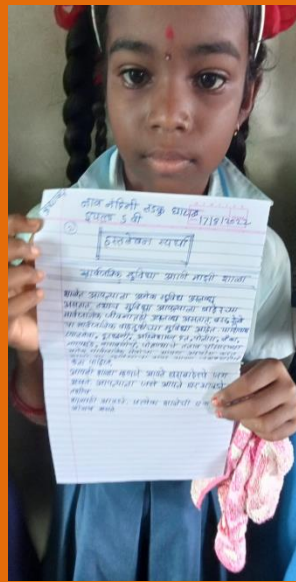

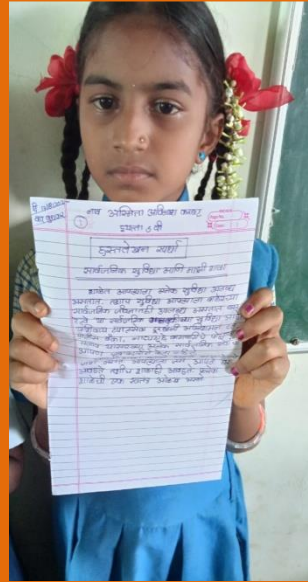

HEALTH & HYGIENE SESSIONS

Every year conducting 5 sessions of health & hygiene (Take Care Of Your Body, Child Abuse, Menstrual Cycle, Sex Education, Alcohol And Drugs Addiction and Infected Diseases) Also once in a year organizing Complete medical check up by a qualified nurse. A medical report of each child is prepare and doing a counseling of parents.

HANDWRITING COMPETITION

CANDLE MAKING ACTIVITY

RANGOLI MAKING COMPETITION

CERTIFICATES DISTRIBUTION PROGRAM

The Certificates Distribution Program at Bhopoli School was organized to acknowledge and appreciate the exceptional achievements and participation of our students in various activities conducted throughout the year.

CASE STUDY

NAME OF THE EX STUDENT :- MS. KAVITA DUMADA

I am glad to share my Journey of education when I was a part of EOTO Classes. I would consider myself a lucky person who had this opportunity to get that extra coaching. It all started when one madam from EOTO had come and shared when I was studying in 7th standard. Since then I was Associated with EOTO from 8th to the 10th standard.

Would be happy to part my experience with EOTO Classes. Ours was the 1st batch who had these extra classes offered by EOTO. We would attend classes before our school would begin. We were a bunch of students who enjoyed every bit of the time spent with members, teachers of EOTO. I can mention one of the names that had been instrumental in getting our studies up to date that is Sonavane Ma'am. It was her dedication that each of us could study a difficult subject like Maths and English language most easily.

All of us shared our lives in the sense, be it games, studies, having lunch, celebrating any occasion it was one big family coming from different places.

Personally, because of classes, I can say that it's because I got the right people and right coaching I could further complete my 12thstd and went ahead in completing a course in Nursing. This was possible because of the confidence built by Sonavane Ma'am, especially we could answer questions raised by our teachers in school, as we were taught before the portion was taught by our teachers, and it was a very beautiful feeling of knowing the subject better than other classmates.

Currently, I am working at a hospital-based in Nasik as a Nurse, and happy that because of my education I can do so. I am thankful to all the members of EOTO; it's just that if we had the opportunity to have other extracurricular activities, would have enrolled myself in some sort of drawing classes. At present the scenario is different, maybe students might want something different from us.

Big thanks to God and all the staff of EOTO, especially with whom I was unable to connect.

PROGRAM IMPACT

- ✓ 4916 children directly benefitting.
- ✓ Overall holistic development of each child.
- ✓ Extra coaching classes after school.
- ✓ remarkable impact of developmental sessions and health and hygiene sessions.
- ✓ distributing food kits to the needy children families.
- ✓ Worksheet model implemented successfully to continue study during pandemic situation and prepared for the examination.
- ✓ Successfully conducted offline and online learning sessions of dance, chess, craft, tai-chi yoga, football, self defense, volleyball and English grammar activities.
- ✓ Successfully conducted online vocational training courses of soap making, phenyl making, candle making, fabric painting, mehndi, baking cake & biscuits, Zen tangle designs.
- ✓ Done students survey during this pandemic situation. Connected to each child.
- ✓ Cultural events and annual sports provided a platform for children to show their inbuilt qualities.
- ✓ Health and Hygiene sessions helped us to bring out the problem of children who were sent for individual counselling sessions.
- ✓ Medical check up promoted early intervention and we motivated the parents and children for further treatment at nearby government hospitals.

Underprivileged children of this country have a lot of potential that might get unnoticed, if not given the opportunity. A helping hand to overcome their social and economic adversities will allow them to shape up their future and therefore our country's future. Let's join hands for the betterment of our Nation.
