

RENAISSANCE GLOBAL LIMITED
ANNUAL REPORT 2023-24

Amidst a challenging global economic and geopolitical landscape, our resilience has helped us emerge stronger despite weak demand from western markets affecting our operating leverage. Our ability to innovate and align with market needs has helped us maintain our position as one of the top exporters of branded jewellery from India.

Starting off as a reliable supplier of private label fine jewellery to global retailers, we have grown through both organic and inorganic initiatives to establish ourselves in the licensed brand jewellery space as well as in the margin accretive Direct-to-Consumer (D2C) space. These growth verticals show immense potential to transform the Company's revenues and margin profile in the medium term, deploying lower capital for growth. Simultaneously, the established private-label business is seeing a new wave of growth through OEM arrangements with global fashion brands looking to diversify their supply chains due to geo-political concerns.

Our experience and expertise in design, manufacturing, distribution, marketing, and cash flow management provides us with a robust platform to chase these growth opportunities as global economies emerge out of uncertainty and inflationary headwinds.

ABOUT US

As a distinguished leader in the global branded jewellery market, we are specialized in designing, manufacturing, and distributing high quality branded jewellery to key high-potential markets across North America, Europe, Australia, and Asia. Our operations are structured around four primary business verticals: In-house brands, Licensed Brands, Customer Brands (Private Label and OEM), and Plain Gold jewellery.

Our In-house brands portfolio consists of US focused D2C brands launched by us or acquired in recent years. These brands operate through company owned Brand websites and experience centres primarily in the US market. This segment has emerged as a significant growth driver for the company growing at a CAGR of 152% over the last two years. We also run a jewellery retail chain in India under the IRASVA brand, with four stores currently located in key cities in India.

Our Licensed Brands division boasts of an impressive portfolio of licenses from globally renowned brands like Disney, Star Wars™, Marvel, Hallmark, Warner Bros and National Football League (NFL). We design, manufacture, and distribute jewellery under these licenses through both B2B channels and our own D2C websites, ensuring wide-reaching market penetration and customer access.

The Customer Brands division caters to large specialty jewellers, department stores, online and TV retailers, and designer brands across US, Europe, and

the Middle East, partnering with them in supplying high-quality private label jewellery.

Our Plain Gold division is focused on the manufacturing and distribution of fast-moving plain gold jewellery to major jewellery retailers in the Middle East. We are currently exploring strategic alternatives to withdraw from the Plain Gold business, a move anticipated to release capital and improve overall margin profile.

Renaissance has invested significantly in developing expertise in merchandising, product development, and manufacturing to support its diverse business verticals. With over 200+ skilled designers producing more than 15,000+ designs annually, our manufacturing operations span 172,000 square feet across multiple geographies, employing approximately 3,500+ workers. We have sales offices in key markets, with a state-of-the-art 56,000 square foot headquarters and fulfilment center in New York, USA. Additionally, our D2C business is powered by a proficient team of digital marketing and e-commerce specialists, complemented by a cutting edge studio for content creation and marketing.

In essence, we are a vertically integrated and diversified branded jewellery player with high potential growth initiatives which are likely to pay off in the coming years, helping us improve our operating leverage considerably.

REWARDS & RECOGNITION

Award received at the 50th GJEPC Award Ceremony in the jewellery category for FY23

CHAIRMAN'S MESSAGE

Dear Shareholders,

As we reflect on the fiscal year 2023-2024, a year that has tested our resilience and adaptability. Despite a challenging global environment, we have been able to navigate market volatility by diversifying the Company's revenue base resulting in a stable performance for the year.

The past year was marked by significant pressures on demand in our key markets, due to high inflation and interest rates. The post covid bounce back of travel and experience-based entertainment options led to a reduced share of the customers wallet towards jewellery. That said, western economies have shown resilience and economic buoyancy despite hawkish central bank policies and we are seeing early signs of demand stabilization for our products across channels.

Our emphasis on growing our branded jewellery business remains a strategic priority for us. We expanded our licensing portfolio by signing new licenses during the year, which are at various stages of development and testing. The launch of 'Wonder Fine Jewellery' (combining Disney jewels, Star Wars™ and Marvel brands in one showcase) with two major retail partners in the US has shown very good results. Our licensed brand portfolio now includes Enchanted Disney, Marvel, Star Wars™, Disney Jewels, NFL, DC Comics, Harry Potter, and House of the Dragon. B2B and D2C revenues from licensed brands recorded a 3.4% YoY increase to ₹437 crore and they now represent 23.4% of the Company's studded jewellery revenues.

Our In-house brands, led by the online lab grown diamond engagement rings business acquired in 2022, have been showing very exciting growth at a CAGR of 152% over the last 2 years. This division looks promising in delivering double digit profitable growth over the coming years as we continue to invest in this business through addition of senior level talent in the US and setting-up cutting-edge production and design facilities in India to serve unique needs of these business models. We have recently appointed a CEO in the US to head our In house brands business. She has extensive experi-

Sumit N. Shah
Chairman

ence in growing luxury brands through effective brand building and marketing strategies and we are confident in the management's ability to scale our brands to the next phase of growth.

Our India focused jewellery retail brand IRASVA is also showing signs of reaching breaking-even with 4 luxury boutiques in key locations across India. Revenues from In-House brands increased 24.5% YoY to ₹187 crore and these brands now contribute ~10% of the Company's studded jewellery revenues compared to merely 1.5% in FY22.

FY 24 was a lacklustre year for our Customer Brands division with revenues declining 12.6% to close at ₹1,239 crore. We expect this vertical to experience healthy growth this year as we have entered OEM arrangements with some global fine jewellery and luxury fashion brands, as they look to add Indian manufacturers as a part of their supply chains. Another growth initiative under this division is developing exclusive brands in partnership with major retailers to leverage specific ideas, trends and target markets.

Our plain gold business in the Middle East showed stability in revenue but EBITDA margins declined due to higher competition and input costs, resulting in lower return on capital. To sharpen our strategic focus, we are currently exploring alternatives to exit this business. This move is expected to release capital and enhance overall margins, allowing us to concentrate on our high-margin branded segments.

Overall, our total income stood at ₹2,117 crore, a decline of 5.6% from ₹2,243 crore in FY23. Despite the revenue decline, EBITDA remained flat at ₹168 crore, with an improvement in EBITDA margins from 7.5% in FY23 to 7.9% in FY24, reflecting our focus on cost management and operational efficiency. The Profit After Tax, after discontinued operations, stood at ₹73.6 crore.

During the year, we were honoured to receive recognition at the 50th GJEPC award ceremony, further affirming our consistent performance and leadership in the jewellery export sector. This accolade reflects our commitment to excellence and innovation in all aspects of our business.

Finally, an important area of focus for us during the year was sustainability. Apart from continuing our unwavering support to child education, animal welfare and healthcare for the needy, we have been actively focusing on measuring ourselves against globally accepted sustainability metrics such as the UN Sustainable Development Goals. We have significantly enhanced our efforts to reduce our environmental footprint and contribute meaningfully to the communities in which we operate.

Overall, we continue to evolve from a private label B2B player to an integrated Branded jewellery player, operating in both B2B and D2C channels, with a robust growth pipeline, leaner working capital and higher margins to boost the return on capital generated by the business.

We thank you for your continued support and trust in our vision.

RGL JOURNEY

ENVIRONMENTAL, SOCIAL & GOVERNANCE

ENVIRONMENTAL

Renaissance is dedicated to progressively reducing its carbon footprint and environmental impact through a structured approach, underscored by the adoption of a comprehensive Environmental Management System (EMS) policy.

The Company's manufacturing facilities are ISO 14001:2015 certified, ensuring adherence to global standards for environmental management and sustainable practices.

RJL has undertaken tree plantation drives in Maharashtra, Uttarakhand, Jammu & Kashmir having planted over 52,500 trees with a further commitment to plant 500 trees annually.

RJL has set-up solar over 195.04 Kw of Solar power capacity to supply clean energy with more than 50% of its manufacturing energy sourced from renewable sources.

Renaissance Global Limited (RGL) implemented a 10 kWp solar power system with 550Wp Mono PERC panels and a 15KVA, 1-Phase Hybrid Inverter using IGBT technology at Vatsalya Ashram Primary, Secondary, and Higher Secondary High School in Chambake Talawali, Vikramgad Taluka, Palghar District, Maharashtra State. This sustainable energy solution is expected to generate 12,435 kWh of clean energy annually. This project contributes to a reduction of 10.8 tons of CO₂e per year, equivalent to planting 414 trees over its lifetime and removing 20,000 vehicles from the road. RGL's commitment to environmental stewardship and corporate responsibility is evident in this impactful initiative.

The Company in the Kamalaben Jogani High School in Bhopoli, Palghar District, and Maharashtra has installed 30 solar panels, each with a capacity of 335 watts, totaling a 12 kW solar power plant. Since its commencement on April 11th, 2023, this solar plant has been generating an impressive 40 units of power daily, ensuring uninterrupted electricity supply during school hours in rural areas. As of 30th June, 2024, 5000 units of clean energy are already generated.

Water conservation efforts include the implementation of water recycling, rainwater harvesting, and effluent treatment plants to optimize water resource utilization.

RGL adheres to standard operating procedures for waste management, ensuring compliance with regulations set forth by the Central Pollution Control Board (CPCB) or State Pollution Control Board (SPCB). RGL has partnered with authorized waste management service providers such as recyclers, authorized transporters for the compliant management of waste across each of the waste category.

To maintain emissions within prescribed limits, Renaissance monitors stack scrubber operations rigorously and conducts regular maintenance to ensure optimal performance. These proactive measures minimize emissions and uphold environmental standards effectively.

In pursuit of sustainability, Renaissance actively procures renewable energy from certified providers,

enhancing its commitment to reducing the carbon footprint. This initiative supports solar, wind, and other renewable energy sources, contributing to cleaner energy infrastructure and a sustainable future.

The Company has installed acoustic panels on the generator set to control noise pollution. These panels are designed to significantly reduce noise levels, ensuring a quieter and more environmentally friendly operation.

SOCIAL

RGL actively engages with vulnerable and marginalized stakeholder groups through a variety of Corporate Social Responsibility (CSR) initiatives. The company's efforts span multiple sectors, including medical, educational, humanitarian, animal welfare, and environmental projects. Our social causes can be split into three umbrellas, namely- Healthcare, Education, Humanitarian, Animal Welfare and some miscellaneous activities.

Healthcare Initiatives: Our programs like Mission for Vision - Mission Netra, Pandharpur Medical Camp, and Jivan Jyot Drug Bank aims to provide essential healthcare services and medicines.

Educational Initiatives: Educational support is extended through Balaram Saghankshetra Samiti, Patan Jain Mandal, Each One Teach One Initiative (EOTO), and Maheswaranand Vedbharti Brahmashram Dharmarth Trust, ensuring access to quality education for underprivileged children.

Humanitarian Efforts: Humanitarian efforts include supporting shelters like Sewadham in Ujjain and Bhavnagar Vriddhashram Trust for the elderly.

Animal Welfare: RGL contributes to animal welfare through Patan Panjrapole Dedicated to the welfare and care of animals, ensuring that they are treated humanely and protected. Their efforts focus on improving the lives of disabled and vulnerable animals.

Miscellaneous (Environmental/Cultural/Religious/Sports) Initiatives:

EOTO (Solar project at Vatsalya Ashram School) - Apart from educational benefits, this project also focuses on environmental sustainability by promoting solar energy.

Environmental Projects - Various initiatives aimed at environmental conservation and sustainability, addressing broader community and ecological concerns.

Through these diverse initiatives, RGL demonstrates its commitment to addressing the concerns of vulnerable and marginalized groups, ensuring they receive the support and resources necessary to improve their quality of life.

GOVERNANCE

Renaissance is recognized as a certified member of the Responsible Jewellery Council (RJC), a prominent organization that ensures Environmental, Social, and Governance (ESG) compliance among its members. The Company diligently undergoes regular audits to uphold the rigorous standards set by the RJC. Additionally, Renaissance maintains affiliations with the Gems & Jewellery Export Promotion Council (GJEPC) and the Export Promotion Council, further reinforcing its commitment to industry best practices and ethical standards.

In line with its commitment to ethical trade practices, Renaissance adheres to the Sedex Member Ethical Trade Audit (SMETA) framework, a globally respected system that verifies responsible supply chain management. This framework ensures transparency and ethical conduct across the Company's operations. Recently, Renaissance has taken significant steps towards sustainability by committing to the UN Global Compact framework and participating in the UN Women Empowerment Program. These initiatives underscore Renaissance's dedication to fostering sustainable and ethical business practices while contributing positively to global goals for social responsibility and empowerment.

The Company upholds a strict governance philosophy of 'zero tolerance to non-compliance,' which is implemented through:

a) Regular monitoring of legal and regulatory compliance by senior management and the board. b) Continuous assessment of regulatory and compliance requirements. c) Comprehensive compliance management systems and ongoing monitoring. d) Independent assessments and audits. e) Strong internal controls. Renaissance has also established various policies to closely monitor and adhere to these regulatory requirements.

MANAGEMENT DISCUSSION & ANALYSIS

GLOBAL ECONOMY

In 2023, the US economy exhibited moderate growth, fuelled by strong consumer spending and a resilient labour market. Despite high inflation, proactive monetary policies by the Federal Reserve contributed to stability. However, challenges persisted, including supply chain disruptions, geopolitical tensions, and inflationary pressures. Globally, emerging markets in Asia and Africa thrived due to industrialization and digital initiatives, while developed economies faced slower growth due to inflation and energy crises. Although global trade volumes improved, political instability, climate change, and economic disparities remained critical issues for sustainable and inclusive growth.

GEMS & JEWELLERY MARKET

The global gems and jewellery market in 2023 was characterized by steady growth and evolving consumer preferences. Valued at approximately USD ~225 billion, the market experienced an annual growth rate of around ~5%. This growth was fuelled by a combination of rising demand for luxury goods and the influence of social media and e-commerce.

The market is segmented into various product types including diamonds, gold, platinum, gemstones, and costume jewellery. Each segment catered to different consumer needs and preferences, ranging from bridal jewellery and daily wear to investment pieces. The distribution channels also diversified, with online retail, specialty stores, and department stores playing crucial roles. The rise of e-commerce, in particular, transformed the purchasing behaviour of consumers, offering them convenience and a wider array of choices.

In the United States, the gems and jewellery market was valued at approximately USD 63 billion in 2023, reflecting steady growth supported by consumer spending and the rise of e-commerce. According to a report, online jewellery sales in the US increased by 15% year-over-year, accounting for nearly 25% of to-

tal market sales. American consumers demonstrated an increased demand for personalized and sustainable jewellery, driven by a growing awareness of ethical sourcing and environmental impact.

Technological advancements also played a pivotal role in the market's evolution. The adoption of advanced technologies like block chain for supply chain transparency and the use of artificial intelligence (AI) for personalized shopping experiences enhanced the overall consumer journey.

However, the US market also faced several challenges. Economic uncertainty, driven by inflation and a potential slowdown in growth, impacted consumer spending habits. The persistent high inflation rates, although stabilizing, affected the purchasing power of consumers, leading to cautious spending behaviour. Inflation in the US was recorded at 6.5% in 2023, according to a report, affecting discretionary spending on luxury items like jewellery. Additionally, supply chain disruptions continued to pose challenges for the industry. The availability and pricing of raw materials, especially precious metals and gemstones, were affected by global supply chain issues, leading to increased production costs and potential delays in product availability.

SUSTAINABLE SPARKLE: LAB GROWN DIAMOND JEWELLERY

Lab grown diamonds are diamonds that are produced in a controlled technological environment. Unlike natural diamonds, which are formed over billions of years in the Earth's mantle, lab grown diamonds are created using advanced technological processes that mimic the natural diamond formation. These processes typically involve high pressure and high temperature (HPHT) or chemical vapour deposition (CVD). The result is a diamond that is virtually identical to its natural counterpart in terms of physical, chemical, and optical properties. The popularity of lab grown diamonds has surged in

recent years due to several factors. Lab grown diamonds are more affordable than natural diamonds with similar characteristics, making them an attractive option for consumers seeking high-quality jewellery at a lower cost.

The global lab grown diamonds market was valued at \$24.0 billion in 2022, and is projected to reach \$59.2 billion by 2032, growing at a CAGR of 9.6% from 2023 to 2032. India's exports of polished LGDs are growing by about 55% yearly, making up roughly 6.2% of natural polished diamond exports. India mainly uses the carbon vapour deposition (CVD) method for LGD production, followed by high pressure high temperature (HPHT). Research from India's GJEPC suggests there are around 1,500 to 1,800 LGD reactors in India. By capacity, the below 2 carats segment in lab grown diamonds held the highest market share in 2022, accounting for more than two-thirds of the global LGD market revenue

to gain popularity in the future.

In the United States, the demand for LGD jewellery is particularly strong. This growth is driven by increasing consumer awareness of the ethical and environmental benefits of LGDs, as well as their cost advantage over natural diamonds.

The European market presents a significant opportunity for the expansion of LGD jewellery offerings as this market is relatively untapped. Europe is known for its strong demand for high-quality, ethically sourced products, and LGDs align perfectly with these consumer preferences. Our Company is already working with leading retailers in the European market to begin testing LGD jewellery collections at select outlets and capitalize on the growth of this market in Europe.

India represents another promising market for the

LAB GROWN DIAMONDS MARKET

The Below 2 carat segment is projected to be the most lucrative segment during the analysis period.

Source: Allied Market Research

and is expected to grow with a highest CAGR of 9.9% till 2032. Most of the lab grown diamonds that are available in the market for jewellery production and industrial tools production are below 2 carats. 1 to 2 carat diamonds are highly popular for making engagement and wedding rings and are expected

expansion of LGD Jewellery. The Indian market is characterized by a strong affinity for Jewellery, with diamonds holding a special place in the hearts of consumers. The increasing awareness of LGDs, coupled with their affordability, presents a unique opportunity for growth. The Company plans to offer

LGD jewellery collections under a special brand housed under IRASVA, leveraging the established brand presence and marketing activities of IRASVA.

Despite their growing popularity in the US market, rapid capacity expansion by players in India is leading to supply of LGDs grown and polished in India outstripping demand, leading to significant fall in the prices of LGDs over the last 18 months. Our Company has made a conscious and strategic decision to refrain from entering the growing and polishing of lab-grown diamonds, focusing instead on creating brands around LGD jewellery in each key market. This choice has turned out to be beneficial for the Company, as we have been able to insulate ourselves from the volatility and price pressures that have impacted the lab-grown diamond market.

RESURGENCE OF B2B FINE JEWELLERY MANUFACTURING

The global jewellery manufacturing industry is experiencing a shift, with prominent & globally recognized brands looking for Original Equipment Manufacturers (OEMs) in India under their supply chain diversification strategy. This trend marks a crucial shift in the industry's dynamics and presents a remarkable opportunity for our Company to rejuvenate our B2B consumer brand division.

Brands, both established and emerging, can leverage the expertise of RGL for the production of their fine jewellery collections. This strategy enables brands to concentrate on their core strengths, such as design, marketing, and customer engagement, while capitalizing on the advanced manufacturing capabilities of RGL. RGL's commitment to quality craftsmanship, rigorous quality control, and experience of dealing with organized retailers since more than 25 years ensures that the jewellery produced adheres to the exacting standards set by their brand clients.

OUR BUSINESS MODEL

Renaissance Global Limited stands as a prominent global player in the branded jewellery industry. We design, manufacture, and supply jewellery to key markets in the USA, Canada, the UK, Asia, and Australia through both B2B and D2C channels, with a special focus on branded jewellery. Our business is divided across four main verticals – Customer Brands (Private Label), Plain Gold Jewellery segments, Licensed Brands and In-house Brands.

CUSTOMER BRANDS

A large share of our business comes from supplying jewellery to specialty jewellers, department stores, online retailers, and designer brands. These partners purchase both generic products for their own brands and branded products from our licensed collections. Our clientele demands a diverse range of products, from luxurious engagement rings to affordable items for daily use and gifting. While the US has been our primary market over the past two decades, our non-US sales are growing at a fast pace and should represent a larger share of our revenues in the coming 3 years. We are benefiting from our strong management capabilities, high quality manufacturing processes and stringent quality control standards as more European brands, both jewellery and fashion, are adding us as OEMs for their jewellery collections.

PLAIN GOLD DIVISION

This division mainly operates in the Middle East, where it designs, manufactures and sells fast moving 22kt, 21kt and 18kt non-studded gold jewellery to major retailers and wholesalers in the region. While this is a profitable division, it is working capital intensive and has low pricing power due to the commoditized nature of the business. Since the business is not completely aligned to the overall group strategy of focusing on high margin businesses with lower working capital requirements and strong differentiation, we are looking to divest this business. This move will help free up capital for other strategic initiatives at the group level and help us improve overall margins.

LICENSED BRANDS

We sell our Licensed Brands through retailers as well as our own websites. These brands includes Enchanted Disney Fine Jewelry, Hallmark Fine-Jewelry, Disney Jewels, Star Wars™ Fine Jewelry, Marvel, True Fans Fine Jewelry, House of the Dragon, Harry Potter and DC Comics expanding our portfolio of beloved and iconic brand collaborations.

Licensed brands provide us with differentiation at the market place and in jewellery showcases. Customers are delighted to purchase jewellery that has a meaning or significance attached to it compared to just a generic design. This could be in the form of one of their favourite childhood characters, a special emotion or a famous sports person or team. Investing in this differentiation offer us the chance to earn a higher margin compared to generic private label jewellery. Sales through D2C platforms also help leverage the omni-channel advantage and require lesser investment in working capital, thus making this a high return proposition.

IN-HOUSE BRANDS

We have brands across two main geographies:

USA

We offer lab-grown diamond engagement rings and jewellery, featuring an innovative online customization model that ensures custom pieces are delivered in a short time frame. This recently acquired business is exhibiting promising growth and reflects our commitment to sustainable and ethical practices. Additionally, we market everyday fashion jewellery under the brands Jewelili and Everyday Elegance, primarily through online marketplaces, thereby reaching a broad consumer base.

India

Focused on the Indian market, our Irasva brand offers designer retail jewellery with stores in Mumbai, Ahmedabad, and Hyderabad. Irasva epitomizes our dedication to blending traditional craftsmanship

with contemporary designs, catering to the evolving tastes of Indian consumers.

KEY STRENGTHS

PRODUCT DEVELOPMENT

We have a strong and experienced team of merch-ants and product development specialists. Annually, our design team, comprising over 200 members, introduces more than 15,000 new designs, maintaining an active design bank of over 100,000 designs. We have strong technological infrastructure to support the product development process which include latest 3D modelling and design software, 3D prototyping machines, high quality rendering infrastructure and an experienced model making team.

MANUFACTURING

Our manufacturing facilities, spanning Mumbai, Bhavnagar, and Dubai, cover 172,000 square feet and employ over 3,500 skilled workers. Each location and factory has its own strength, focusing on a particular type of product or market. Overall, we have a capacity to churn out over 3 million pieces each year.

SALES AND DISTRIBUTION

Our B2B distribution network supplies Jewellery to a variety of retailers, including renowned names like the Signet group (Kay Jewelers, Zales), Fred Meyer, Helzberg Diamonds, JC Penney, Kohl's, Macy's, and Walmart. We also serve catalog, e-commerce, and television retailers such as Amazon, Argos, and Jewellery Television. The collection celebrates Happily Ever After with jewellery inspired by Disney Princesses, Villains and all the other loving characters. The brand is the perfect marriage of the romance of Disney and the lasting beauty of fine jewellery. The timelessly elegant designs subtly evoke the love, adventure, happiness, and magic of the fairy tales loved by millions.

This brand is accessible through prominent jewellery retailers and specialty stores in USA and distributed through our direct-to-consumer (D2C) website.

The Star Wars™ Fine Jewelry collection is inspired by the timeless Star Wars™ films and series such as The Mandalorian™, Boba Fett™ and Obi-Wan Kenobi™. The brand embodies an experiential purchasing approach, featuring captivating narratives behind each piece, an ultra-modern website design, and innovative packaging. This brand was primarily distributed through our D2C website till 2023. In 2024 it was launched as part of Wonder Fine Jewelry collection with 2 major US retailers and is reporting very promising numbers.

Disney Treasures features beloved Disney characters like Mickey Mouse, Minnie Mouse, Winnie the Pooh, 101 Dalmatians, and characters from The Lion King. It's launch through a prominent specialty jeweller in the US has been immensely successful, leading to its expansion to over 1,000 stores across North America.

Apart from the above brands which are already available in stores or online, we are currently working on developing collections for DC Comics and Harry Potter.

Established in 1910, Hallmark has evolved from a greeting card company into a diverse consumer brand with widespread presence, facilitating approximately 6 billion brand interactions annually. Renaissance's strategic approach aims to leverage this connection by offering Hallmark-branded jewellery that celebrates significant moments in consumers' lives. These collections are available in over 2,000 retail locations across the United States and through our dedicated D2C website, adopting an omni-channel model that has proven effective in enhancing the reach and impact of the Hallmark brand.

Marvel, a subsidiary of The Walt Disney Company, is a leading entertainment brand known for its expansive universe of superheroes. Founded in 1939, Marvel has created some of the most popular and influential characters in comic book history, including Spider-Man, Iron Man, Captain America, Thor, The Hulk, and The Avengers. Marvel was launched as part of Wonder Fine Jewelry collection along with Star Wars and Disney Jewels with 2 major US retailers and is doing well.

The True Fans Fine Jewelry collection, licensed from the NFL, represents each of the NFL's 32 clubs, as well as jewellery inspired by the Super Bowl and Pro Bowl games. This collection is distributed through one of the largest retail groups in the US, both in-store and online. It is also sold on renowned sports merchandise platform Fanatics and through our own D2C website.

OWNED BRANDS:

IRASVA, a fine jewellery brand based in India, caters to the self-assured modern woman. With its gold and diamond jewellery offerings, IRASVA celebrates the contemporary woman, inspiring her to embrace her individuality, feel beautiful, and express herself in every moment. The inaugural IRASVA store was launched in South Mumbai in May 2019. Presently, the company operates through outlets, located in Mumbai, Ahmedabad, and Hyderabad. The brand's long-term vision involves establishing select outlets across India, employing an omni-channel approach, bridging the gap between affordable daily wear jewellery and elaborate bridal jewellery. The expansion strategy follows a meticulous approach, focusing on store-level profitability at each new location rather than rapid expansion.

JEWELILI

Jewelili offers a wide range of jewellery suitable for any and every occasion in one's life. The brand was launched with the aim of providing affordable fine jewellery, whether it's for a birthday, anniversary, wedding, or any other celebratory moment. Jewelili is distributed through two primary channels: Amazon B2B Marketplace, catering to customers in the United States and through its dedicated direct-to-consumer (D2C) website, providing customers with a convenient and seamless online shopping experience.

In FY2022, Renaissance acquired Everyday Elegance, which specializes in crafting exquisite precious metal jewellery adorned with high-quality diamond alternative gemstones like cubic zirconia and moissanite. The jewellery designs within the collection embody timeless traditions. With a diverse portfolio of over 200 products, this company has established a strong presence on various e-commerce

platforms, primarily on Amazon.com. The acquisition reinforces Renaissance's commitment to expanding its reach within the global e-commerce marketplace.

SUSTAINABLE OPERATIONS

Our dedication to sustainability and ethical practices is demonstrated through adherence to rigorous global standards and regular audits. We hold certification from the Responsible Jewellery Council (RJC) and undergo Sedex Members Ethical Trade Audits (SMETA), both of which serve as global benchmarks for ethical conduct and governance in the jewelry industry. Renaissance is deeply committed to sustainability and has implemented a range of initiatives to reduce its environmental impact and promote sustainable practices. The Company's comprehensive Environmental Management System (EMS) policy guides its efforts to progressively reduce its carbon footprint. Additionally, our ISO 14001 certification underscores our commitment to environmentally sustainable manufacturing processes.

Renaissance Global Limited proudly supports the Ten Principles of the United Nations Global Compact, which cover human rights, labor standards, environmental protection, and anti-corruption measures. These principles are deeply embedded in our Company's strategy, culture, and daily operations. We actively engage in collaborative projects that advance the United Nations' Sustainable Development Goals (SDGs), contributing to broader development objectives. Moreover, the Renaissance Foundation is a vital part of our commitment to social responsibility. The foundation is dedicated to serving society through a variety of initiatives focused on education, healthcare, humanitarian relief, and animal welfare. Through these efforts, we strive to operate ethically, promote sustainable practices, and enhance societal well-being.

By integrating these principles and initiatives into our business model, Renaissance aligns its core values with a strong commitment to social responsibility, ensuring that we contribute positively to the communities and environments in which we operate.

FINANCIAL OVERVIEW

We are pleased to report that our company has demonstrated resilience in its performance over the past year, supported by strong contributions from our branded jewellery segment and Direct-to-Consumer (D2C) business. Our total income for the year stood at ₹2,117 crore, compared to ₹2,243 crore in FY23.

Our gross profit witnessed a notable increase of 6.1%, reaching ₹648.9 crore, up from ₹611.3 crore in the previous year. This improvement resulted in an expanded gross margin by a significant rise of 339 basis points from 27.3% in FY23 to 30.7% in FY24. The D2C segment itself exhibited robust growth, with revenue rising by 24.5% to ₹187.4 crore, up from ₹150.5 crore in FY23. This represents an impressive compound annual growth rate (CAGR) of 152% compared to FY22.

Company’s India brand, IRASVA, has continued to flourish, demonstrating an extraordinary revenue growth of 38.6% for the year. In the US market, the owned brands have also performed admirably, with a revenue increase of 22.9%, reflecting the strength and appeal of our products in key international markets. The licensed brands segment has remained stable, achieving a revenue of ₹437 crore with a modest growth of 3.38%.

An important driver of our D2C growth has been our strategic focus on lab-grown diamonds, which accounted for 48% of our D2C sales. This focus not only aligns with current market trends but also positions us well for future growth in this expanding

segment. For FY24, our studded jewellery business represented 88% of our total revenue, with branded jewellery contributing 33%. This distribution highlights our strong positioning in the high-value branded jewellery market.

Despite a marginal decline in our revenue, the EBITDA profitability remained stable at ₹168 crore, reflecting margins of 7.9% for FY24. EBITDA margins witnessed 44Bps growth YoY, as a result of focused margin improvement in the later half of the fiscal year. It also underscores the company’s ability to maintain a steady & improving margin even in a challenging economic environment. PBT decreased by 9.9% to ₹85.4 crore, and profit after tax (PAT) witnessed a decrease of 16.2% to ₹73.6 crore.

In terms of the balance sheet, the company continues to maintain a healthy financial position. Net debt to equity ratio stands at a robust 0.28 as of March 2024. Our total net debt is ₹322 crore, while our cash and bank balances, including current investments, stood at ₹188 crore.

Our current inventory levels are elevated as a result of a strong order book at the factory level, which we anticipate will support revenue growth in FY25. This strong order book positions us well for the coming year and reflects our on-going efforts to align production with market demand. On a like to like basis, Net working capital days have reduced from 239 days in FY21 to 219 days in FY24, indicating an improvement in the working capital cycle.

KEY FINANCIAL PARAMETERS (in ₹ Crores)	FY 2024	FY 2023

% of Net Revenue	3.5%	3.9%

OUTLOOK

Renaissance Global Limited has demonstrated a robust performance during the fiscal year, despite macroeconomic challenges such as inflation due to supply chain disruptions from the Russia-Ukraine conflict and recessionary sentiments in the US, UK, and Europe. Moving forward, we see significant growth opportunities across our key geographies in North America, Europe, and other international markets. Company's focus remains on strengthening our presence in these regions by sustainably growing our high-margin branded business segment and lab-grown diamond jewellery. Company is currently experiencing a healthy growth in our factory order book, which is meaningfully higher year-over-year.

Based on this growth and the anticipated strong performance from our Direct-to-Consumer (D2C) vertical, we expect strong growth in revenues from our studded business in FY25. The company is considering strategic options to exit the Plain Gold business as this move is anticipated to free up capital and deleverage the company's balance sheet, which could further enhance the blended margins.

The inclusion of new marquee brands in the licensed portfolio would further augment our branded segment. Over the last few years, the contribution from the branded segment has increased from 2% in FY18 to 33% in FY24. Company's strategic goal is to achieve over 50% of sales from the Branded Jewelle-

ry segment within the next three years.

Renaissance's core competencies such as partnerships with globally recognized brands, expertise in product conceptualization and design, advanced industry know how, and mutually beneficial partnerships with iconic brands position well to capitalize on numerous growth opportunities in the high-potential global branded jewellery industry.

RISKS, THREATS, AND CONCERNS

The jewellery industry is inherently tied to broader economic trends, competitive landscapes, and consumer sentiment. For Renaissance Global Limited, several unique factors amplify these risks. Below are the key risks specific to our Company and the industry in which we operate:

GLOBAL ECONOMIC CONDITIONS AND CONSUMER CONFIDENCE

Our sales are highly sensitive to fluctuations in economic conditions and consumer confidence. During economic downturns, discretionary spending on luxury items such as jewellery typically decreases, which can negatively impact our sales and profitability. Additionally, changes in U.S. trade policy and tariffs affecting India could further pressurize our business operations and financial performance.

S

- Partnerships with globally renowned brands
- Expertise in brand development, design, marketing, and distribution
- Growing D2C businesses
- High quality talent across all verticals
- Strong balance sheet and optimal liquidity supporting growth.
- Strong board of directors and corporate governance practices

W

- Revenue dependence on the United States market.
- Working capital intensive business model.
- Dependence on strategies of retail partners in B2B vertical.
- Logistical challenges managing a complex supply chain.

FLUCTUATIONS IN THE US DOLLAR

Our sales and raw material purchases are primarily denominated in US dollars, while production costs are incurred in Indian Rupees, any appreciation of the Indian Rupee can adversely affect our production costs and profitability. Currency fluctuations present a significant risk to our financial stability.

PRICE VOLATILITY AND AVAILABILITY OF DIAMONDS AND OTHER GEMSTONES

The company operations rely heavily on raw materials such as gold, silver, diamonds, and colored stones. While the prices of gold and silver are adjusted at the time of customer orders, diamond and colored stone prices are typically fixed for certain periods. Significant increases in the cost or changes in the supply of these essential materials can impact our gross profit margins and overall business operations.

INTERNAL CONTROLS

Renaissance Global Limited has instituted robust internal control systems that align with the nature, scale, and complexity of our business operations. These systems are designed to ensure the accuracy of our financial information, prevent unauthorized use of assets, and ensure compliance with applicable laws and regulations.

To enhance the effectiveness of these controls, the

company has engaged a reputable audit firm to conduct regular internal audits. This firm rigorously monitors our operations, providing insightful observations and recommendations to both management and the Audit Committee. Their role is critical in reviewing and strengthening our control measures as needed.

Furthermore, the company has made significant investments in advanced information technology to secure and protect sensitive data, underscoring our commitment to data integrity and security.

By maintaining robust internal controls, conducting regular audits, and leveraging cutting-edge technology, RGL strives to ensure the reliability and security of our financial information and overall business operations.

CAUTIONARY STATEMENT

Statements made in the Management Discussion and Analysis describing the Company’s objectives, projections, estimates, expectations may be “Forward looking statements” within the meaning of applicable securities laws and regulations. Actual results could differ from those expressed or implied. Important factors that could make a difference to the Company’s operations include economic conditions affecting demand supply and price conditions in the domestic and overseas markets in which the Company operates, changes in the government regulations, tax laws and other statutes and other incidental factors

- Expansion of demand for lab-grown diamond jewellery
- Potential to expand D2C customized engagement ring business.
- Trend of jewellery customization and quick deliveries.
- Becoming a trusted OEM partner to global jewellery brands
- Growing share of business under the China+1 strategy.
- Becoming an industry leader in sustainable manufacturing.

- Recessionary trends and inflation in key western markets.
- Geopolitical uncertainties disrupting supply chains.
- Higher input costs of metals.

Mr. Deepak Chindarkar, Mrs. Rupal D. Jhaveri and Mr. Rahul Rama Narang are not disqualified from being appointed as Director, in terms of Section 164 of the Companies Act, 2013 and have given their consent to act as Director of the Company.

The Company has also received declarations from Mr. Deepak Chindarkar, Mrs. Rupal D. Jhaveri and Mr. Rahul Rama Narang that they meet with the criteria of independence as prescribed both under sub-section (6) of Section 149 of the Companies Act, 2013 and read with Regulation 16 (1) (b) of the Listing Regulation. In the opinion of the Board, Mr. Deepak Chindarkar, Mr. Deepak Chindarkar, Mrs. Rupal D. Jhaveri and Mr. Rahul Rama Narang fulfills the conditions for appointment as Independent Non-Executive Directors as specified in the Companies Act, 2013 and the Listing Regulations.

Mr. Deepak Chindarkar, Mrs. Rupal D. Jhaveri and Mr. Rahul Rama Narang are registered as an Independent Director, in terms of the relevant provisions of the Companies (Creation and Maintenance of databank of Independent Directors) Rules, 2019 read with the Companies (Appointment and Qualification of Directors) Rules, 2014, as amended.

Mr. Deepak Chindarkar, Mrs. Rupal D. Jhaveri and Mr. Rahul Rama Narang are independent of the management of the Company. Brief resume of Mr. Deepak Chindarkar, Mrs. Rupal D. Jhaveri and Mr. Rahul Rama Narang, nature of their expertise in specific functional areas and names of companies in which they hold Directorships and Membership/Chairmanship of Board Committees, as stipulated under read with Regulation 16 (1) (b) of the Listing Regulations of the Stock Exchanges are provided as an annexure to this Notice of AGM.

Copy of the draft letter for appointment of Mr. Deepak Chindarkar, Mrs. Rupal D. Jhaveri and Mr. Rahul Rama Narang as Independent Director setting out the terms and conditions are available for inspection by members at the Registered Office of the Company.

This Statement may also be regarded as a disclosure under read with Regulation 16 (1) (b) the Listing Regulations of the Stock Exchanges.

Authority is also being sought to the payment of remuneration by the Company to Mr. Deepak Chindarkar, Mrs. Rupal D. Jhaveri and Mr. Rahul Rama Narang, by way of fees not exceeding the limits stated in Section II of Part II of Schedule V to the Companies Act, 2013, if, in any financial year during his term of office as Non-Executive Independent Director, the Company makes no profits or the profits made are inadequate.

The Non-Executive Independent Directors shall act in accordance with the Articles of Association of the Company and shall abide by the provisions contained in Section 166 of the Companies Act, 2013 with regard to duties of Directors.

The Non-Executive Independent Directors shall adhere to the RGL Code of Conduct for Directors and Management Personnel.

Mr. Deepak Chindarkar, Mrs. Rupal D. Jhaveri and Mr. Rahul Rama Narang are interested in the resolution set out at Item No. 3, 4 & 5, respectively of the Notice with regard to their appointment. The relatives of Mr. Deepak Chindarkar, Mrs. Rupal D. Jhaveri and Mr. Rahul Rama Narang may be deemed to be interested in the special resolution set out at Item No. 3, 4 & 5, respectively of the Notice, to the extent of their shareholding interest, if any, in the Company. Save and except the above, none of the other Directors/Key Managerial Personnel of the company/ their relatives are, in any way, concerned or interested, financially or otherwise, in this resolutions.

The Board recommends the Special Resolutions set out at Item No.3, 4 & 5 of the Notice for approval by the shareholders.

26. Overview of the entity’s material responsible business conduct issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications¹

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Product quality	Risk	Compromising on product quality jeopardizes customer satisfaction and could lead to recalls or withdrawals, involving liability issues, managing recalls, product testing, it also includes ensuring the safety characteristics of manufactured products or services.	<p>RGL prioritizes product quality and customer satisfaction as core principles, especially considering its position in the jewellery sector where quality is paramount. To mitigate risks, the company has implemented several measures:</p> <p>Establishment of a robust system for reporting product complaints: This ensures that any issues or concerns raised by customers are promptly addressed and resolved, helping to maintain high standards of quality.</p> <p>Regular audits conducted by the Quality Check department: These audits are essential for ensuring that the company’s stringent quality requirements are consistently met throughout the manufacturing process. By regularly assessing and monitoring quality standards, RGL can identify and rectify any deviations or shortcomings, thereby upholding its commitment to delivering high-quality products to customers.</p>	<p>Negative</p> <p>*There was no negative financial impact in the reporting year 2023-24</p>

1. Material issues identified are referred from the Sustainability Accounting Standards Board (SASB) 2023-24 version. SASB Standards are maintained and enhanced by the International Sustainability Standards Board (ISSB); this follows the SASB’s merger with the International Integrated Reporting Council (IIRC) into the Value Reporting Foundation (VRF) and subsequent consolidation into the IFRS® Foundation in 2022.

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
2	Materials Sourcing & Efficiency	Risk	The category assesses a company's ability to manage issues related to the resilience of materials supply chains to the effects of climate change and other external environmental and social factors. It includes various stages, including product design, manufacturing processes, and end-of-life management.	<p>Incorporating recycled materials such as gold and silver into their products to reduce reliance on finite resources and minimize environmental impact.</p> <p>Maximizing resource efficiency in manufacturing processes to minimize waste and optimize resource utilization.</p> <p>RGL have RJC Audited Vendors & all our materials are sourced after verifying the vendor & attaining the KYS (Know your supplier). Maximizing resource efficiency in manufacturing processes to minimize waste and optimize resource utilization.</p>	Negative * There was no negative financial impact in the reporting year 2023-24
3	Handling Hazardous Material/ Waste	Risk	Handling hazardous material/waste in business operations with care to avoid any threats posed to the health and well-being of our employees	<p>Adherence to standards pertaining to Occupational Health and Safety, and observing highest operational standards in handling hazardous materials.</p> <p>Continuous engagement with suppliers for identifying any new threats/ better options are the things that RGL does to mitigate this risk.</p>	Negative * There was no negative financial impact in the reporting year 2023-24
4	Safety risk	Risk	The manufacturing operations of the Company require employees to interact with plant, machinery, and material handling equipment, all of which carry an inherent risk of injury	Adherence to safety standards, and highest operational standards for handling hazardous materials at plants and adoption of latest and cutting edge safety related protocols and measures to create a safe work environment.	Negative * There was no negative financial impact in the reporting year 2023-24
5	Employee engagement, safety and well-being	Opportunity	Employees are our biggest assets. Robust employee engagement, safety, and well-being drive enhanced productivity for the Company. This material aspect is therefore an opportunity to integrate employees' views in the core functioning of the Company, while ensuring employee satisfaction and safety in each process.	-	Positive

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6	Legal and Regulatory changes	Risk	Legal and regulatory changes in the regions where the company operates can significantly impact its operations and financial performance. These changes could lead to higher operating costs, increased taxation rates, restrictions on activities such as changes in legislation affecting business practices, or even bans on certain operations. It's essential for the company to closely monitor and adapt to these regulatory environments to mitigate potential negative impacts on its business operations and financial outcomes. RGL operates in various territories and markets, each having its own regulatory systems, which continuously evolves changes, and undergoes increased scrutiny from the regulators. Any noncompliance with regulations or scrutiny process can result in dilution of financial position or jeopardize the Company's reputation.	Regulatory risks are managed through a strong governance mechanism based on the philosophy of 'zero tolerance to non-compliance'. This is implemented through: <ul style="list-style-type: none"> • Monitoring of Legal and regulatory compliance by Senior management and the Board. • Assessment of regulatory and compliance requirements on regular basis. • Compliance management systems and continuous monitoring. • Independent assessments and audits. • Robust internal controls. 	Negative * There was no negative financial impact in the reporting year 2023-24.
7	Environmental Impacts in the Supply Chain	Risk	The jewellery and lifestyle products industry often relies on raw materials such as metals and gemstones, which are extracted through processes that can have significant environmental consequences, including habitat destruction, water pollution, and carbon emissions. Any disruption or depletion of these natural resources can directly impact the Company's ability to source materials for its products, leading to supply chain disruptions and increased costs. The use of hazardous chemicals in the manufacturing process can contribute to pollution and environmental degradation, potentially resulting in regulatory non-compliance and reputational damage for the Company.	RGL strives to maintain compliance with ESG/responsible products to promote sustainable development within communities. Management efforts may encompass screening, selecting, monitoring, and engaging with suppliers to assess and address their environmental impacts. The company also continuously engage with suppliers for identifying any new threats/better options to mitigate the risks. RGL monitors its Emissions, water consumption and waste generation; Pro-actively work on emerging areas and implementation. The Company continues to monitor all emerging regulations, incidents, developments and map it for compliance.	Negative * There was no negative financial impact in the reporting year 2023-24.

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
8	Labour Conditions in the Supply Chain	Opportunity	The challenges include various aspects such as ensuring the health and safety of employees, fair compensation, combating child and forced labour. The complexity of the supply chain, involving multiple tiers of suppliers, subcontractors, and part-time workers, complicates the management of these issues. Due to the tendency to contract with suppliers in countries with lower costs, manufacturing often occurs in regions with limited worker protections. This poses reputational risks for companies, especially in light of increasing regulations and enforcement measures. This can be an opportunity as dealing with the issues would enhance transparency and traceability in the supply chain.	-	Positive

Improvement: Continuous improvement of the OHSMS based on monitoring, evaluation, and feedback.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

RGL utilizes a comprehensive approach to identify work-related hazards and assess risks on both routine and non-routine bases. The processes include:

Identifying Hazards:

- Conducting regular workplace inspections to pinpoint potential hazards.
- Reviewing incident reports, near-miss reports, and other relevant data to identify recurring issues.
- Consulting with workers and safety representatives who are familiar with the specific work processes and can provide valuable insights into potential hazards.

Assessing Risks:

- Evaluating the likelihood and severity of potential harm resulting from identified hazards.
- Considering who may be harmed and in what ways.
- Taking into account existing control measures and their effectiveness.
- Prioritizing risks based on the level of danger they pose, ensuring that the most significant risks are addressed first.

Implementing Control Measures:

- Introducing control measures to eliminate or reduce the identified risks.
- Ensuring that the control measures are effective and appropriate for the specific hazards and the work environment.
- Providing workers with training on the correct use and importance of these control measures.

Review and Monitoring:

- Regularly reviewing the effectiveness of the implemented control measures to ensure they remain effective.
- Continuously monitoring the workplace for the emergence of new hazards or changes to existing ones.
- Updating risk assessments as needed to reflect new information or changes in the work environment.

Non-Routine Assessments:

- Conducting risk assessments for new processes, equipment, or work activities before their introduction.
- Assessing risks associated with changes in the workplace, such as modifications to equipment or processes.
- Performing risk assessments in response to incidents, near-misses, or other unexpected events to prevent recurrence and improve safety protocols.

- 1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

The Company has established an ESG framework, wherein representatives from each E, S, and G aspect collaborate with both internal and external stakeholders. They work together to implement essential procedures and reporting mechanisms aimed at advancing the collective objectives of ESG. These procedures undergo review by the Risk Management Committee. Furthermore, the CSR Committee, the Nomination & Remuneration Committee, and the Audit Committee scrutinize the actions taken under their respective pillars within the ESG framework.

- 2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated in to policies and activities of the entity.**

Yes – RGL conducted an extensive materiality assessment by soliciting opinions and insights from all its stakeholders. This assessment evaluated the impact of environmental, social, governance, and economic issues crucial for the long-term viability and sustainability of the organization. Through this process, the company identified and prioritized the issues most significant to its business sustainability and value creation.

By conducting this materiality exercise, RGL gained a deeper understanding of stakeholder priorities and areas of concern.

- 3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.**

RGL engages with the vulnerable/ marginalized stakeholder groups through its CSR engagements.

The company is associated with an NGO named EOTO (Each One Teach one) whose main objective is to provide education to the underprivileged children in the tribal/rural areas and our RGL CSR team is associated with them for the past 09 years and in the current financial year has conducted "Rapport Building Programs" in three schools and an Annual EOTO Sports day for four schools in the Palghar district such that the students can enhance their potentials and skills by attending these programs.

Note: The case is pending for resolution in Hon'ble Industrial Court, Mumbai

8. Mechanisms to prevent adverse consequences to the complainant indiscriminatio n and harassment cases.

The company maintains a zero-tolerance policy toward any form of retaliatory action or behavior. This commitment is reflected in various policies, including the Code of Conduct, Employee Manuals, Prevention of Sexual Harassment (POSH) policy, and the Whistle-blower Policy.

Under the POSH policy, the Internal Complaints Committee (ICC) is chaired by a senior manager or higher, with a minimum of 2-3 years of experience within the company. These presiding officers bring both experience and a deep understanding of the company's context to handle sexual harassment cases effectively. The action taken against an employee in POSH cases is determined in consultation with an external ICC member, who brings expertise and experience from handling similar cases in other organizations, ensuring appropriate action based on the case's specifics. The ICC ensures that the Principle of Natural Justice is upheld throughout the process.

The Whistle-blower Policy offers the following protections:

- Whistle-blower complaints are considered protected disclosures, and the complainant can opt to remain anonymous.
- The investigating officer is responsible for safeguarding the whistle-blower's identity.
- Whistle-blowers are shielded from any adverse actions, including harassment, unfair termination, demotion, suspension, or biased behavior, due to their disclosure.

9. Do human rights requirements form part of your business agreements and contracts?

All business agreements and contracts entered into by the Company with any party include relevant clauses affirming compliance with applicable regulatory requirements related to human rights.

10. Assessments for the year:

	% of your plants and Offices that were assessed (by entity or statutory authorities or third parties)
Child labour	100%
Forced/involuntary labour	During the year, third parties experts conducted various audits for all workplaces.
Sexual harassment	
Discrimination at workplace	
Wages	

11. Provide details of any corrective actions taken or underway to address significant risks/ concerns arising from the assessments at Question 10 above.

There were no significant risks / concerns arising from such assessments.

Leadership Indicators

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/ complaints

No such instances took place in the reporting year. However, the Company ensures a more sensitized workforce towards Human Rights through various training mechanisms and a vigilant system in place.

2. Details of the scope and coverage of any Human rights due-diligence conducted.

The Company is committed to protecting and respecting Human Rights and remedying rights violations in case they are identified; for example, issues relating to human trafficking, forced labour, child labour, freedom of association, right to collective bargaining, equal remuneration and discrimination. Providing equal employment opportunity, ensuring fairness, creating a harassment-free, safe environment and respecting fundamental rights are some of the ways in which we ensure the same.

As an equal opportunity employer, we do not discriminate on the basis of race, colour, religion, sex, national origin, gender identity, sexual orientation or disability status.

No such due diligence was either warranted or conducted.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes, we have made all our premises and offices accessible for visitors with disabilities. This includes the provision of lifts, ramps, separate washrooms, dedicated entry and exit points, and well-lit corridors.

4. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed
Sexual Harassment	85% of our raw material suppliers are RJC compliant.
Discrimination at workplace	The Code of Practices addresses human rights, labour rights, environmental impact, mining practices, product disclosure and many more important topics in the jewellery supply chain.
Child Labour	Suppliers are guided in process and system improvement and enhanced technical know-how.
Forced Labour / Involuntary Labour	
Wages	

5. Provide details of any corrective actions taken or underway to address significant risks/ concerns arising from the assessment sat Question 4 above.

There were no significant risks / concerns arising from such assessments.

PRINCIPLE 6

Businesses should respect and make efforts to protect and restore the environment

Essential Indicators

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	FY 2023-24 (In Megajoules)	FY 2022-23 (In Megajoules)
From renewable sources		
Total electricity consumption (A)	62,02,609.20	62,35,657.20

Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP)		
(Total energy consumed / Revenue from operations adjusted for PPP)- MJ/ Rupees	0.53	0.05
Energy intensity in terms of physical output-MJ/ Kg	4,882.42	4,327.87
Energy intensity (optional) – the relevant metric may be selected by the entity	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No. There has not been any independent assessment/ evaluation/ assurance that has been carried out.

2. **Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.**

Our facilities at Renaissance Global Limited are not included within the ambit of the Perform, Achieve, and Trade (PAT) Scheme initiated by the Government of India. This means that our sites are not subject to the regulations and requirements set forth by the PAT Scheme, allowing us flexibility in our operations while ensuring compliance with relevant energy efficiency and conservation standards.

3. **Provide details of the following disclosures related to water, in the following format:**

Parameter	FY 2023-24	FY 2022-23
Water withdrawal by source (in kilolitres)		
(i) Surface water	-	-

Note: Indicate if any independent assessment/ evaluation/assurance have been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, independent evaluation is done by Cherry Green Environment, a GPCP approved auditor for Bhavnagar.

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Though we currently do not have a ZLD mechanism installed in our premises but we are looking forward towards other water treatment methods, the Hand Wash Water Treatment Plant (ETP) settles suspended solid precious metal particles from our production waste. Wastewater from various departments is directed to three interconnected settling tanks. In the first tank, alum and polyelectrolyte are continuously added to settle particles. The water then moves through the second and third tanks. The third tank has a level controller that activates a pump to pass water through a charcoal column and filter cartridges of 30, 15, and 1 microns. Sodium hypochlorite is added at the outlet to control COD and BOD. Tanks are emptied quarterly, and the slurry is collected. Regular monitoring and recording of chemical additions ensure efficient operation.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 2023-24	FY 2022-23
NOx	mg/Nm ³	52.899	70.545
SOx	mg/Nm ³	48.144	81.923

Persistent organic pollutants (POP)	-	-	-
Volatile organic compounds (VOC)	-	-	-
Hazardous air pollutants (HAP)	-	-	-
Others – please specify	-	-	-

Note: Indicate if any independent assessment/ evaluation/assurance have been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, independent evaluation is done by Equinox Labs for Mumbai and by Cherry Green Environment for Bhavnagar.

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2023-24	FY 2022-23
Total Scope 1 emissions (Break-up of the GHG into CO₂, CH₄, N₂O, HFCs, PFCs, SF₆, NF₃,if available)	Metric tonnes of CO ₂ equivalent	593.58	699.80
Total Scope 2 emissions (Break-up of the GHG into CO₂, CH₄, N₂O, HFCs, PFCs, SF₆, NF₃,if available)	Metric tonnes of CO ₂ equivalent	4,908.02	4,755.41
Total Scope 1 and Scope 2 emissions per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations)	Metric tonnes of CO ₂ equivalent/Rupees	0.00000396	0.00000040
Total Scope 1 and Scope 2 emissions per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP)	Metric tonnes of CO ₂ equivalent/Rupees	0.000089	0.000009
Total Scope 1 and Scope 2 emissions intensity in terms of physical output	Metric tonnes of CO ₂ equivalent/Kg	0.816967418	0.737926329

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No, there has not been any independent assessment/ evaluation/ assurance that has been carried out.

8. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

Yes, over the last two years, our entity has undertaken initiatives aimed at reducing Green House Gas emissions. We have installed a 10KW solar plant at rural village schools, promoting sustainable energy use and reducing reliance on fossil fuels. Additionally, we undertake an annual tree plantation drive, planting 500 trees each year. These efforts not only contribute to reducing our carbon footprint but also enhance environmental sustainability within our operational areas.

9. Provide details related to waste management by the entity, in the following format:

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No. There has not been any independent assessment/ evaluation/ assurance that has been carried out.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes

Renaissance Global Ltd. is committed to preventing the release of hazardous substances without proper neutralization. Key hazardous substances, such as plating chemicals, are managed through rigorous processes. Cyanide effluent, whether airborne, liquid, or solid, is neutralized appropriately. Airborne cyanide is addressed with detection units and scrubbers, while liquid cyanide from plating operations is treated with ferrous sulfate and oxidized for safe disposal. Solid waste is minimized through careful stock management. Additionally, a Cyanide Antidote Kit is maintained for emergencies. The company's SOP ensures the safe handling, storage, and disposal of hazardous chemicals, with each chemical undergoing a risk assessment and MSDS obtained before procurement. Hazardous substances are stored in designated areas, and regular risk assessments and

monitoring maintain safety. Employees are trained on safety protocols, and spill kits tailored to specific hazards are maintained. Minor spills are managed by trained staff, while major spills require evacuation and external help. Proper labelling and disposal practices ensure efficient hazardous waste management.

- 11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:**

S. No.	Location of operations/offices	Types of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
--------	--------------------------------	---------------------	---

The Company refrains from conducting its operations in environmentally fragile or ecologically sensitive regions. This strategic decision underscores the company's commitment to responsible business practices and environmental stewardship, avoiding potential harm to delicate ecosystems. By deliberately choosing locations that are not ecologically sensitive, the company aims to minimize its environmental impact and contribute to the preservation of biodiversity and natural habitats.

- 12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:**

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
-----------------------------------	----------------------	------	---	--	-------------------

Not Applicable, In accordance with the Ministry of Environment, Forest & Climate Change (MoEF) guidelines, the industry/operations are exempt from the requirement to furnish environmental clearance or undergo an Environmental Impact Assessment (EIA).

- 13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, and Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:**

Sr. No.	Specify the law / regulation / guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective taken, if any action
---------	---	---------------------------------------	---	---------------------------------

Yes. The Company is compliant with all the applicable environmental laws / regulations / guidelines

Leadership Indicators

- 1. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):**
For each facility / plant located in areas of water stress, provide the following information:
- (i) **Name of the area:** NA
 - (ii) **Nature of operations:** NA
 - (iii) **Water withdrawal, consumption and discharge in the following format:**

Parameter	FY 2023-24	FY 2022-23

Total Scope 3 emissions per rupee of turnover	Metric tonnes of CO ₂ equivalent		Not quantified
Total Scope 3 emission intensity (optional)– the relevant metric may be selected by the entity			

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No. There has not been any independent assessment/ evaluation/ assurance that has been carried out.

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

RGL does not have any manufacturing facilities in ecologically sensitive areas

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1.	Wastewater Treatment	As part of our environmental sustainability initiatives, we have established an Effluent Treatment Plant (ETP) to ensure that wastewater is treated effectively before being discharged. The treated water undergoes rigorous pH level monitoring on a regular basis. This proactive approach ensures that the water meets all regulatory standards before it is released into the corporation's drainage system, thereby safeguarding the environment and promoting responsible water management practices.	Through the establishment of the Effluent Treatment Plant (ETP) and consistent pH level monitoring, around 45% of the total water withdrawal is successfully treated. This process ensures that the treated water complies with all regulatory standards prior to its discharge into the corporation's drainage system.
2.	Maintenance of Stack scrubbers to reduce Air emissions	To keep our emission parameters within the prescribed limits, we regularly monitor the operations of our stack scrubbers. Additionally, we maintain our scrubbers on a regular basis to ensure their optimal performance.	They are quarterly monitored which has helped in in minimizing emissions and adhering to environmental standards.
3.	Use of Renewable energy	As part of our commitment to sustainability, we are actively pursuing initiatives to purchase renewable energy from third-party sources. This includes engaging with certified renewable energy providers to secure a significant portion of our energy needs from solar, wind, and other renewable sources. By doing so, we aim to reduce our carbon footprint, support the development of renewable energy infrastructure, and contribute to a cleaner, more sustainable future. This initiative not only aligns with our environmental goals but also demonstrates our dedication to responsible and sustainable business practices.	62,02,609 MJ of renewable energy is used in our operation which has significantly increased the reliance on renewable energy.
4.	Reduction in Noise Pollution through Installation of acoustic panels on our generator set	To control noise pollution, we have implemented the installation of acoustic panels on our generator set. These panels are designed to significantly reduce noise levels, ensuring a quieter and more environmentally friendly operation. This initiative reflects our commitment to minimizing the impact of our activities on the surrounding community and maintaining compliance with noise pollution regulations.	The installation of acoustic panels on our generator set has led to a substantial reduction in noise levels, creating a quieter and more environmentally friendly operation.

Independent Auditor's Report

To the Members of Renaissance Global Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Renaissance Global Limited ("the Company"), which comprise the Balance Sheet as at March 31 2024, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 and its Profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Standards on Auditing (SAs) prescribed under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the standalone financial statements as per the ICAI's Code of Ethics and the provisions of the Companies Act, 2013 and Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Key audit matters	How our audit addressed the key audit matters
<p>(1) Existence and valuation of Inventories (as described in note no. 2.10 of the material accounting policies, and note no. 11 for details in standalone financial statements)</p> <p>The carrying value of Inventories of the Company is Rs. 51,320 lakhs as at March 31, 2024. The Company's Inventories mainly consist of gold, diamond & colour stone and silver at its plant location and offices, which are subject to risk of changes in the market value.</p> <p>The assessment of net realizable value of Inventories is based on estimates and judgements by the management in respect of, among others, the economic condition, sales forecast, marketability of products and the quality of gold and diamonds used to make jewellery products.</p> <p>We concluded that existence and valuation of inventories as a key audit matter for our audit.</p>	<p>Our audit procedures related to existence and valuation of Inventories included the following:</p> <ul style="list-style-type: none"> • We evaluated the design, implementation and tested the operating effectiveness of key controls that the Company has in relation to safeguarding and physical verification of inventories including recording and reconciling physical verification of inventories. • We evaluated the design, implementation and operating effectiveness of general IT controls and key application controls over the Company's IT systems including those relating to recording of inventory quantities on occurrence of each sale transaction, including access controls, controls over program changes, interfaces between different systems. • Participated in the physical verification of inventory conducted by the management. Evaluated the differences identified at the time of physical verification of inventories and it was noted that there were no major deviations found. • As the valuation of diamond and colour stone stock is technical in nature, we have relied on technical judgements of management supported by valuation from an independent valuer and quality report from from gemologist on sample basis.

Independent Auditor's Report (Contd...)

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report and Corporate Governance but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

The other information is expected to be made available to us after the date of this auditor's report and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

MANAGEMENT RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually

or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the

Independent Auditor's Report (Contd...)

matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. **As required by Section 143(3) of the Act, we report that:**
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - (g) In our opinion, the managerial remuneration for the year ended March 31, 2024 has been paid / provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act;
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements—Refer Note 51 to the standalone financial statements;
 - ii. The Company has no long-term contracts including derivative contracts as at March 31, 2024; and
 - iii. There has been no delay in transferring amounts required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2024.
 - iv. (a) Management has represented to us that to the best of its knowledge and belief and as disclosed in the notes to the accounts no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) Management has represented to us that, to the best of its knowledge and belief, and as disclosed in the notes to the account no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on our audit procedure conducted that are considered reasonable and appropriate in the circumstances, nothing has come to our attention that cause us to believe that the representation given by the management under paragraph (2) (h) (iv) (a) & (b) contain any material misstatement.
 - v. The Company has not declared or paid any dividend during the year ended March 31, 2024.
 - vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of performing our procedures, we did not notice any instance of audit trail feature being tampered with in cases where the audit trail feature was enabled.
 - vii. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

Annexure 2 referred to in paragraph 2(f) under “Report on Other Legal and Regulatory Requirements” to the independent auditor’s report of even date on the standalone financial statements of Renaissance Global Limited.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of Renaissance Global Limited (“the Company”) as of March 31, 2024, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

An audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to these standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THESE STANDALONE FINANCIAL STATEMENTS

A company’s internal financial control over financial reporting with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to these standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THESE STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to these standalone financial statements to future periods are subject to the risk that the internal financial control with reference to these standalone financial

statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to these standalone financial statements and such internal financial controls over financial reporting as at March 31, 2024, based on the internal control with reference to these standalone financial statements were operating effectively criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Standalone financial statements

For the year ended March 31, 2024

1. CORPORATE INFORMATION

1.1 Nature of Operations

Renaissance Global Limited (the company) is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The company is engaged in the manufacture of diamond studded Jewellery, trading of cut and polished diamonds. The company's shares are listed on the National Stock Exchange of India Limited (NSE) and Bombay Stock Exchange (BSE).

1.2 General information and statement of compliance with Ind AS

The standalone financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') read with Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules 2016 and the other relevant provisions of the Act and Rules there under to the extent notified and applicable, as well as applicable guidance notes and pronouncements of the Institute of Chartered Accountants of India (ICAI).

The Standalone Ind AS financial statements for the year ended March 31, 2024 were authorised and approved for issue by the Board of Directors on May 29, 2024.

2. MATERIAL ACCOUNTING POLICIES

2.1 Basis of Preparation

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III) and the guidelines issued by the Securities and Exchange Board of India (SEBI), as applicable.

2.2 Property, Plant and Equipment (PPE)

2.2.1 Freehold land is stated at historical cost.

2.2.2 All other items of PPE including capital work in progress are stated at cost of acquisition less accumulated depreciation and accumulated impairment losses, if any. PPE is recognized when the cost of an asset can be reliably measured and it is probable that the entity will obtain future economic benefits from the asset.

2.2.3 PPE is measured initially at cost. Cost includes the fair value of the consideration given to acquire the asset (net of discounts and rebates) and any directly attributable cost of bringing the asset to working condition for its intended use (inclusive of import duties and non-refundable purchase taxes).

2.2.4 The Company has elected to use the exemption available under Ind AS 101 to continue the carrying value for all of its PPE as recognised in the standalone financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition (April 1, 2016).

2.2.5 Capital work in progress (CWIP) comprises of cost of acquisition of assets, duties, levies and any cost directly attributable to bringing the asset to its working condition for the intended use. Expenditure incurred on project under implementation is treated as incidental expenditure incurred during construction and is pending allocation to the assets which will be allocated / apportioned on completion of the project.

2.3 Depreciation/Amortization

2.3.1 The depreciable amount of PPE (being the gross carrying value less the estimated residual value) is depreciated over its useful life as prescribed in Schedule II to The Companies Act, 2013 on Written down value basis.

2.3.2 The management believes that the estimated useful lives are realistic and reflects fair approximation of the period over which the assets are likely to be used. At each financial year end, management reviews the residual values, useful lives and method of depreciation of property, plant and equipment and values of the same are adjusted prospectively where needed.

2.4 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Cost comprises the acquisition price, development cost and any attributable / allocable incidental cost of bringing the asset to its working condition for its intended use. The useful life of intangible assets is assessed as either finite or indefinite. All finite-lived intangible assets, are accounted for using the cost model whereby intangible assets are stated at cost less accumulated amortisation and impairment losses, if any. Intangible assets are amortised over the estimated useful economic life. Residual values and useful lives are reviewed at each reporting date.

Notes to the Standalone financial statements (Contd...)

For the year ended March 31, 2024

2.5 Impairment of non-financial Assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.6 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option.

In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

2.7 Financial instruments

The Company recognizes financial assets and financial liabilities when it becomes party to the contractual provision of the instrument.

2.7.1 Financial assets

a. Initial recognition and measurement

Financial assets are initially measured at its fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value of the concerned financial assets, as appropriate, on initial recognition. Transaction costs directly attributable to acquisition of financial assets at fair value through profit or loss are recognized immediately in profit or loss. However, trade receivable that do not contain a significant financing component are measured at transaction price.

b. Subsequent measurement

For subsequent measurement, the Company classifies financial assets in following broad categories:

- Financial assets carried at amortized cost.
- Financial assets carried at fair value through other comprehensive income (FVTOCI)
- Financial assets carried at fair value through profit or loss (FVTPL)

c. Financial asset carried at amortized cost (net of any write down for impairment, if any)

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

d. Financial asset carried at FVTOCI

Financial asset under this category are measured initially as well as at each reporting date at fair value, when asset is held with a business model whose objective is to hold asset for both collecting contractual cash flows and selling financial assets. Fair value movements are recognized in the other comprehensive income.

Notes to the Standalone financial statements (Contd...)

For the year ended March 31, 2024

e. **Financial asset carried at FVTPL**

Financial asset under this category are measured initially as well as at each reporting date at fair value. Changes in fair value are recognized in the statement of profit or loss.

f. **Derecognition of Financial Assets**

A financial asset is primarily derecognized when rights to receive cash flows from the asset have expired or the Company has transferred its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risk and reward of the ownership of the financial asset.

g. **Impairment of financial assets**

The Company assesses at each reporting date, whether a financial asset or a group of financial assets is impaired. Ind AS 109 on Financial Instruments, requires expected credit losses to be measured through a loss allowance. For trade receivables only, the Company recognises expected lifetime losses using the simplified approach permitted by Ind AS 109, from initial recognition of the receivables. For other financial assets (not being equity instruments or debt instruments measured subsequently at FVTPL) the expected credit losses are measured at the 12 month expected credit losses or an amount equal to the lifetime expected credit losses if there has been a significant increase in credit risk since initial recognition.

2.7.2 Financial liabilities

a. **Initial recognition and measurement**

The Company recognizes a financial liability in its Balance Sheet when it becomes party to the contractual provisions of the instrument. The Company classifies all financial liabilities as subsequently measured at amortised cost or FVTPL.

All financial liabilities are recognized initially at fair value and in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

b. **Subsequent measurement**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

The EIR amortization is included as finance costs in the statement of profit and loss.

c. **Derecognition of financial liabilities**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

2.7.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

2.7.4 Derivative financial instrument

- a. Company uses derivative financial instruments such as forward contracts to mitigate its foreign currency fluctuation risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at each reporting date. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Notes to the Standalone financial statements (Contd...)

For the year ended March 31, 2024

- b. Any gains or losses arising from changes in the fair value of derivatives are taken directly to the Statement of Profit and Loss, except for the effective portion of cash flow hedges, which is recognized in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability.
- c. For the purpose of hedge accounting, hedges are classified as:
- Fair value hedges when hedging the exposure to changes in the fair value of a recognized asset or liability or an unrecognized firm commitment;
 - Cash flow hedges when hedging the exposure to variability in cash flows that is attributable to a particular risk associated with a recognized asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognized firm commitment;
 - Hedges of a net investment in a foreign operation.
- d. At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging/economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how will the entity assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective if achieving offsetting changes in fair value or cash flows and are assessed on an on-going basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.
- e. Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

✓ **Fair value hedges**

The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognized in the Statement of Profit and Loss as finance costs.

For fair value hedges relating to items carried at amortized cost, any adjustment to carrying value is amortized through profit or loss over the remaining term of the hedge using the EIR method. EIR amortization may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged.

If the hedged item is derecognized, the unamortized fair value is recognized immediately in profit or loss. When an unrecognized firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognized as an asset or liability with a corresponding gain or loss recognized in the Statement of profit and loss.

✓ **Cash flow hedges**

The effective portion of the gain or loss on the hedging instrument is recognized in the OCI in the cash flow hedge reserve, while any ineffective portion is recognized immediately in the Statement of profit and loss. The Company uses forward contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The ineffective portion relating to foreign currency contracts is recognized in finance costs.

Amounts recognized in OCI are transferred to Statement of profit and loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognized or when a forecast sale occurs. When the hedged item is a cost of a non-financial asset or non-financial liability, the amounts recognized in OCI are transferred to the initial carrying amount of the non-financial asset or liability. If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognized in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

The Company does not use hedges of net investment.

Notes to the Standalone financial statements (Contd...)

For the year ended March 31, 2024

f. Derecognition

On derecognition of hedged item, the unamortized fair value, of the hedging instrument adjusted to the hedged items is recognized in the Statement of Profit or Loss.

2.8 Fair value measurement

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

2.9 Investment in subsidiaries

Investment in subsidiaries are recorded at cost and reviewed for impairment at each reporting date.

2.10 Inventories

Inventories are valued as under:

Cut & Polished Diamonds	Polished diamonds are valued at lower of cost or net realizable value. Cost is ascertained on lot-wise weighted average basis.
Finished Goods of Jewellery	Finished goods are valued at lower of cost or net realizable value. Cost includes direct materials, labour and all other cost related to converting them into finished goods. Cost is determined on specific identification basis
Raw materials	Lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on specific identification basis. Cost of raw materials comprises of cost of purchase and other cost in bringing the inventory to their present location and condition excluding refundable taxes and duties.
Work-in-progress and Finished goods	Lower of cost and net realizable value. Cost includes direct materials, labour and proportionately all other cost related to converting them into finished goods. Cost is determined on specific identification basis.
Stores and spares	Lower of cost and net realizable value. The cost is computed on moving weighted average.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Identification of a specific item and determination of estimated net realizable value involve technical judgements of the management supported by valuation from an independent valuer and quality report from gemmologist.

2.11 Revenue recognition

According to IND AS 115, entity shall recognize revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

2.11.1 Sale of goods

- a. In case of domestic customer, generally performance obligation satisfied and transferred the control when goods are dispatched or delivery is handed over to transporter, in case of export customers, generally performance obligation satisfied and transferred the control, when goods are shipped on board based on bill of lading.

Notes to the Standalone financial statements (Contd...)

For the year ended March 31, 2024

- b. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

2.11.2 Sale of services

- a. Sale of services comprises of jewellery making charges.
- b. Revenue from Jewellery making charges is recognized when it is probable that the economic benefit will flow to the company and the amount of income can be measured reliably.

2.11.3 Other operating revenue

- a. Other operating revenue comprises of sale of dust & Technological support services.
- b. Revenue from sale of dust & Technological support services are recognized when it is probable that the economic benefit will flow to the company and the amount of income can be measured reliably.

2.12 Other Income

- a. Other income comprises of interest income and dividend from investment and profits on redemption of investments.
- b. Income other than mentioned above is recognized only when it is reasonably certain that the ultimate collection will be made.

2.13 Foreign Currency Transactions and Translations

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities at the Balance Sheet date are translated at the exchange rate prevailing on the date of Balance Sheet.

Exchange rate differences resulting from foreign currency transactions settled during the period including year-end translation of assets and liabilities are recognized in the Statement of Profit and Loss.

Non-monetary assets, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the initial transaction.

Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in Other Comprehensive Income (OCI) or Statement of Profit and Loss are also recognized in OCI or Statement of Profit and Loss, respectively).

2.14 Employee benefits

2.14.1 Short Term Employee Benefits

Short term employee benefits are recognized in the period during which the services have been rendered.

2.14.2 Long Term Employee Benefits

a. Provident Fund, Family Pension Fund & Employees' State Insurance Scheme

As per the Employees Provident Funds and Miscellaneous Provisions Act, 1952 all employees of the Company are entitled to receive benefits under the provident fund & family pension fund which is a defined contribution plan. These contributions are made to the fund administered and managed by Government of India. In addition, some employees of the Company are covered under Employees' State Insurance Scheme Act 1948, which are also defined contribution schemes recognized and administered by Government of India.

The Company's contributions to these schemes are recognized as expense in Statement of Profit and Loss account during the period in which the employee renders the related service. The Company has no further obligation under these plans beyond its monthly contributions.

b. Leave Encashment

The Company provides for the liability at year end on account of unavailed earned leave as per the actuarial valuation.

Notes to the Standalone financial statements (Contd...)

For the year ended March 31, 2024

c. **Gratuity**

The Company provides for gratuity obligations through a Defined Benefits Retirement plan ('The Gratuity Plan') covering all employees. The present value of the obligation under such Defined benefits plan is determined based on actuarial valuation using the Project Unit Credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up final obligation.

d. **Share based payment**

The cost is recognised, together with a corresponding increase in Employee stock options outstanding in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share

2.15 Tax

The tax expense for the period comprises current and deferred tax. Taxes are recognised in the statement of profit and loss, except to the extent that it relates to the items recognised in the comprehensive income or in Equity. In which case, the tax is also recognised in the comprehensive income or in Equity.

2.15.1 Current tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income-tax Act. Current income tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in OCI or in equity).

2.15.2 Deferred tax

Deferred Tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred Tax Assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised. Deferred Tax Liabilities and Assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

2.16 Segment reporting

The Company is engaged primarily in the business of 'Jewellery' and hence there is no separate reportable segment within the criteria defined under Indian Accounting Standard (Ind AS) -108 'Operating Segments'.

2.17 Provisions, Contingent Liabilities and Contingent Assets

2.17.1 Provisions

- a. Provisions are recognized when the company has present obligation (legal or constructive) as a result of past event and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense related to a provision is presented in the statement of profit and loss net of any reimbursement/contribution towards provision made.
- b. If the effect of the time value of money is material, estimate for the provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.
- c. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Notes to the Standalone financial statements (Contd...)

For the year ended March 31, 2024

2.17.2 Contingent liability

a. Contingent liability is disclosed in the case;

- When there is a possible obligation which could arise from past event and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or;
- A present obligation that arises from past events but is not recognized as expense because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or;
- The amount of the obligation cannot be measured with sufficient reliability.

b. Commitments

Commitments include the value of the contracts for the acquisition of the assets net of advances.

2.21.3 Contingent assets

Contingent asset is disclosed in case a possible asset arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

2.18 Cash flow statements

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of Company is segregated.

3. RECENT ACCOUNTING DEVELOPMENT / PRONOUNCEMENT

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

4. KEY ACCOUNTING JUDGEMENTS', CRITICAL ESTIMATES AND ASSUMPTIONS

The preparation of the Company's standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets, liabilities and the accompanying disclosures along with contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require material adjustments to the carrying amount of assets or liabilities affected in future periods. The Company continually evaluates these estimates and assumptions based on the most recently available information.

In particular, information about significant areas of estimates and judgments in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements are as below:

- a. Assessment of functional currency.
- b. Financial instruments
- c. Estimates of useful lives and residual value of PPE and intangible assets
- d. Impairment of financial and non-financial assets
- e. Valuation of inventories
- f. Measurement of Defined Benefit Obligations and actuarial assumptions
- g. Allowances for uncollected trade receivable and advances
- h. Provisions
- i. Provisions for Current and Deferred Tax
- j. Evaluation of recoverability of deferred tax assets
- k. Contingencies, and
- l. Determination of effective portion of Cash flow hedge

Revisions to accounting estimates are recognized prospectively in the Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

Notes to the Standalone financial statements *(Contd...)*

For the year ended March 31, 2024

Nature and Purpose of Reserve

Capital Reserve

Capital Reserve represents towards forfeiture of share warrants.

Securities Premium Account

Securities Premium represents the premium charged to the shareholders at the time of issuance of shares. Securities Premium can be utilised based on the relevant requirements of the Act.

General Reserve

General reserve represents created out of the retained earnings permitted to be distributed to shareholders as part of dividend.

Retained earnings

Retained earnings represent the amount of accumulated earnings of the Company.

Capital redemption reserve

In accordance with Section 69 of the Indian Companies Act, 2013, the Company creates a capital redemption reserve equal to the nominal value of the shares bought back as an appropriation from the general reserve.

Cash flow hedge reserve

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedging reserve. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the related forecasted transaction.

Other components of equity

Other components of equity include currency translation, remeasurement of net defined benefit liability / asset, equity instruments fair valued through other comprehensive income, changes on fair valuation of investments, net of taxes.

Share Based Payment Reserve

The share options outstanding account is used to record the fair value of equity-settled, share-based payment transactions with employees. The amounts recorded in share options outstanding account are transferred to securities premium upon the exercise of stock options and transferred to the general reserve on account of stock options not exercised by employees.

43 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Risk management framework

Company's board of directors has overall responsibility for establishment of Company's risk management framework. Management is responsible for developing and monitoring Company's risk management policies, under the guidance of Audit Committee. Management identifies, evaluates and analyses the risks to which is company is exposed to and set appropriate risk limits and controls to monitor risks and adherence to limits.

Management periodically reviews its risk policy and systems to assess need for changes in the policies to adapt to the changes in market conditions and align the same to the business of the Company. Management through its interaction and training to concerned employees aims to maintain a disciplined and constructive control environment in which concerned employees understand their roles and obligations. The Audit committee oversees how management monitors compliance with Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks to which Company is exposed. The Audit committee is assisted in its role by the internal auditor wherever required. Internal auditor undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit committee.

Company has exposure to following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Market risk

Notes to the Standalone financial statements (Contd...)

For the year ended March 31, 2024

a) Credit risk:

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, mutual funds and financial institutions, foreign exchange transactions and other financial instruments.

The Company has adopted a policy of only dealing with counterparties that have sufficiently high credit standards and financial strength. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the several counterparties.

Credit risk arising from derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the reputed credit rating agencies.

As regards, credit risk for investment in equity shares, the Company limits its exposure to credit risk by investing mainly in scrips which are of high credibility. Company monitors changes in credit risk by tracking published external credit ranking. Based on its on-going assessment of counterparty risk, Company adjusts its exposure to various counterparties from time to time.

As regards, credit risk for investment in mutual funds, the Company limits its exposure to credit risk by investing mainly in debt securities issued by mutual funds which are of high credit ranking from rating agency like CRISIL or the equivalent rating agency. Company monitors changes in credit risk by tracking published external credit ranking. Based on its on-going assessment of counterparty risk, Company adjusts its exposure to various counterparties from time to time.

Credit risk from Trade receivables is managed by the Company's established policy, procedures and control relating to customer credit risk management. Trade receivables are mainly from reputed debtors and are non-interest bearing. Trade receivables generally ranges from 30 - days to 180- days credit term. Credit limits are established for all customers based on internal criteria and any deviation in credit limit requires approval of Head of the department and / or Directors depending upon the quantum and overall business risk. Majority of the customers have been doing business with the company for more than 3 years and they are being monitored by individual business managers who deals with those customers. Management monitors trade receivables on regular basis and takes suitable action where needed to control the receivables crossing set criteria / limits.

Management does an impairment analysis at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Further, the Company's customers base is widely distributed both economically as well as geographically and in view of the same, the quantum risk also gets spread across wide base and hence management considers risk with respect to trade receivable as low.

For trade receivables, as a practical expedient, the Company computes credit loss allowance based on a provision matrix. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates.

Expected credit loss for trade receivables under simplified approach as at the end of each reporting period is as follows:

b) Liquidity risk:

Liquidity risk is the risk that Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. Company closely monitors its liquidity position and deploys a robust cash management system.

The Company has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The Company manages the liquidity risk by maintaining adequate funds in cash and cash equivalents. The Company also has adequate credit facilities agreed with banks to ensure that there is sufficient cash or cash equivalent available to meet all its normal operating commitments in a timely and cost-effective manner. Working capital requirements are adequately addressed by internally generated funds and through working capital loans available from various banks. Trade receivables are kept within manageable levels. Company aims to maintain the level of its cash and cash equivalents and other highly marketable debt investments at an amount in excess of expected cash outflows on financial liabilities over the next three to six months.

c) Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks;

- i) Interest rate risk
- ii) Currency risk and;
- iii) Equity price risk

Financial instruments affected by market risk includes borrowings, investments, trade payables, trade receivables, loans and derivative financial instruments.

The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

i) Interest rate risk

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs. The Company is subject to variable interest rates on some of its interest bearing liabilities. The Company's interest rate exposure is mainly related to debt obligations. The Company has not used any interest rate derivatives.

Based on the composition of debt as at March 31, 2024 and March 31, 2023 a 100 basis points increase in interest rates would increase the Company's finance costs and thereby consequently reduce net profit before tax by approximately ₹ 330.07 Lakhs for the year ended March 31, 2024 (March 31, 2023 ₹ 251.45 Lakhs).

ii) Foreign Currency risk

The Company's foreign exchange risk arises from its foreign operations, foreign currency revenues, foreign currency expenses and foreign currency borrowings. Primarily, the exposure in foreign currencies are denominated in USD. As a result, if the value of the Indian rupee appreciates relative to these foreign currencies, the Company's revenues and expenses measured in Indian rupees may decrease or increase and vice-versa. The exchange rate between the Indian rupee and USD have changed substantially in recent periods and may continue to fluctuate substantially in the future. Consequently, the Company uses foreign exchange forward contracts and foreign currency financial liabilities, to mitigate the risk of changes in foreign currency exchange rates in respect of its highly probable forecasted transactions and recognized assets and liabilities.

Details of Hedged exposure in foreign currency denominated monetary items.

The Company enters into forward exchange contracts to hedge against its foreign currency exposure relating to the underlying transactions and based on past performance. The Company does not enter into any derivative instruments for trading or speculative purpose.

Cash Flow Hedged Accounting:

The Company designates its derivative contracts that hedge foreign exchange risk associated with its highly probable forecasted transactions as cash flow hedges and measures them at fair value. The effective portion of such cash flow hedges is recorded as in other comprehensive income, and re-classified in the income statement as revenue in the period corresponding to the occurrence of the forecasted transactions. The ineffective portion of such cash flow hedges is immediately recorded in the statement of profit and loss.

The following table gives details in respect of the notional amount of outstanding foreign exchange derivative contracts:

Currency	As at March 31, 2024		As at March 31, 2023	
	FC In Lakhs	₹ In Lakhs	FC In Lakhs	₹ In Lakhs
Forward contract to sell USD	828.10	69,022.14	658.58	54,075.95

iii. Equity Price risk

The Company's exposure to equity price risk arises from investments in equity shares mutual funds held by the Company and classified in the balance sheet as fair value through OCI. To manage its price risk arising from investments in equity shares and mutual funds, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.

Sensitivity

The sensitivity to profit or loss in case of an increase in price of the instrument by 5% keeping all other variables constant would have resulted in an impact on profits by ₹ 131.20 Lakhs (March 31, 2023 ₹ 136.90 Lakhs).

44 CAPITAL MANAGEMENT

Capital of the company, for the purpose of capital management, includes issued equity capital and all other equity reserves attributable to equity holders of the company. The primary objective of the company's capital management is to maximise shareholders value.

Provident Fund

The Honourable Supreme Court, has passed a decision on 28th February, 2019 in relation to inclusion of certain allowances within the scope of "Basic wages" for the purpose of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952. The Company, based on legal advice, is awaiting further clarifications in this matter in order to reasonably assess the impact on its financial statements, if any. Accordingly, the applicability of the judgement to the Company, with respect to the period and the nature of allowances to be covered, and resultant impact on the past provident fund liability, cannot be reasonably ascertained, at present.

(The contingent liabilities, if materialised, shall entirely be borne by the company, as there is no likely reimbursement from any other party.)

Foreseeable Losses

The Company has a process whereby periodically all long term contracts are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law/ applicable accounting standards for material foreseeable losses on such long term contracts has been made in the books of account.

Note on pending litigations

The Company has reviewed its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial statements.

Opinion

We have audited the accompanying Consolidated financial statements of Renaissance Global Limited (hereinafter referred to as the "Parent Company" or "Company") and its subsidiaries (the Parent Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31 2024, the Consolidated Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the Consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2024 and their consolidated profit, their consolidated total comprehensive income, their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated financial statements.

We evaluated the design, implementation and operating effectiveness of general IT controls and key application controls over the Company's IT systems including those relating to recording of inventory quantities on occurrence of each sale transaction, including access controls, controls over program changes, interfaces between different systems. Participated in the physical verification of inventory conducted by the management. Evaluated the differences identified at the time of physical verification of inventories and it was noted that there were no major deviations found. As the valuation of diamond and colour stone stock is technical in nature, we have relied on technical judgements of management supported by valuation from an independent valuer and quality report from gemologist on sample basis.

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to the Board's Report and Corporate Governance but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

The other information is expected to be made available to us after the date of this auditor's report and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The accompanying consolidated financial statements have been approved by the holding Company's Board of Directors. The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The Holding Company's Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act the respective Board of Directors of the companies included in the Group, covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors are also responsible for overseeing the Company's financial reporting process of the Group.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Independent Auditor's Report (Contd...)

- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTER

We did not audit the financial statements and other financial information of nine subsidiaries, whose financial statements reflect total assets of ₹ 1,453.53 Crores as at March 31, 2024, total revenues of ₹ 1,925.93 Crores, total profit after tax of ₹ 45.79 Crores, total comprehensive Income/ (loss) ₹ 65.10 Crore and net cash (outflow)/inflows of ₹ (47.23) Crores for the year ended on that date, as considered in the consolidated financial statements, which has been audited by another auditors. Consolidated Financial Statements are prepared in accordance with International Financial Reporting Standards, being the generally accepted accounting principles ('GAAP') applicable in the country of its incorporation.

The Review report ("Conversion report") by an independent practicing Chartered Accountant, of the conversion of financial Statement to accounting principles generally accepted in India has been provided to us by the management of the holding company. Our opinion on consolidated financial statement and our report in terms of sub-section (3) and (11) of Section 143

of the Act, in so far it relates to amounts included in respect of these subsidiaries, is based solely on the audit report of the other auditors and the aforesaid conversion report.

Report on Other Legal and Regulatory Requirements

1. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government in terms of section 143(11) of the Act, according to the information and explanation given to us, and based on the audit report under section 143 issued by us and the auditors of the respective companies included in the consolidated financial statements, as provided to us by the management of the Holding Company, we report that CARO is applicable to the Holding Company and not to any other company included in the consolidated financial statements as those companies are not incorporated in India. We have not reported any qualification or adverse remark in the CARO report of the Holding Company.
2. As required by Section 143(3) of the Act, we report that based on our audit and on the consideration of the report (s) of the other auditor (s) on separate financial statements and other financial information of the subsidiaries, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books and the reports of the other auditors;
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.;
 - (d) In our opinion, the aforesaid Consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors of the Holding Company, its subsidiary Companies as on 31st March, 2024 and taken on record by the Board of Directors of the Holding Company incorporated in India, none of the directors of the companies incorporated in India are disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and its Subsidiary Companies covered under the Act and operating effectiveness of such controls, refer to our separate Report in "Annexure

Independent Auditor's Report (Contd...)

A" which is based on the auditor's reports of the Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.;

- (g) In our opinion, the managerial remuneration for the year ended March 31,2024 has been paid / provided by the Holding Company (incorporated in India) to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act, as amended:

Based on our audit and on the consideration of the reports of other auditors and to the best of our information and according to the explanations given to us, the subsidiary Companies has not paid any remuneration to its managerial personnel during the year and accordingly reporting in accordance with the requirements of section 197(16) of the Act is not required for such companies.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- a. The consolidated financial statements disclose impact of pending litigations on its consolidated financial position of the group as detailed in Note no. 49 to the consolidated financial statements;
- b. The Holding Company, its subsidiary companies did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at March 31,2024;
- c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies during the year ended March 31,2024.
- d.
 - i. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Group to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries
 - ii. The management has represented that, to the best of its knowledge and belief, no funds have been received by the Group from any person(s) or entity(ies), including

foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Group shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- iii. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our attention that causes us to believe that the management representations under sub-clauses (i) and (ii) above contain any material misstatement.
- iv. Proviso to Rule 3 (1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2024, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2024.
- v. The Company has not declared or paid any dividend during the year ended March 31, 2024.
- vi. Based on our examination, which included test checks, the Parent Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of performing our procedures, we did not notice any instance of audit trail feature being tampered with in cases where the audit trail feature was enabled.
- vii. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

Annexure A referred to in paragraph 2(f) under “Report on Other Legal and Regulatory Requirements”

to the independent auditor’s report of even date on the Consolidated financial statements of Renaissance Global Limited.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to Consolidated financial statements of Renaissance Global Limited (“the Company”) as of March 31, 2024, in conjunction with our audit of the Consolidated financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to these Consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these Consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

An audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these Consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining

an understanding of internal financial controls over financial reporting with reference to these Consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to these Consolidated financial statements.

Meaning of Internal Financial Controls With Reference to these Consolidated Financial Statements

A company’s internal financial control over financial reporting with reference to these Consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to these Consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to these Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to these Consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to these Consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to these Consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Independent Auditor's Report (Contd...)

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to these Consolidated financial statements and such internal financial controls over financial reporting as at March 31, 2024 based on the internal control with reference to these Consolidated financial statements were operating effectively criteria established by the Company considering the essential components of internal control stated in the Guidance Note on

Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Consolidated financial statements

For the year ended March 31, 2024

1. CORPORATE INFORMATION

1.1 Nature of Operations

Renaissance Global Limited (the Parent company) is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The RGL Group is engaged in the manufacturing and selling of diamond studded jewellery, trading of gems and diamonds. The Parent company's shares are listed on the National Stock Exchange of India Limited (NSE) and Bombay Stock Exchange (BSE). The consolidated financial statement comprises financials of the parent company and its subsidiaries (referred to collectively as "the RGL Group").

1.2 General information and statement of compliance with Ind AS

The consolidated financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') read with Companies (Indian Accounting Standards) Rules, 2015 as amended; and the other relevant provisions of the Act and Rules there under.

The consolidated Ind AS financial statements for the year ended March 31, 2024 were authorised and approved for issue by the Board of Directors on May 29, 2024.

2. SUMMARY OF MATERIAL ACCOUNTING POLICIES

2.1 Principles of consolidation:

2.1.1 Subsidiaries are entities controlled by the Parent Company. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. The financial statements of the subsidiaries are included in the consolidated Ind AS financial statements from the date on which control commences until the date on which the control ceases.

2.1.2 The consolidated Ind AS financial statements comprise of the financial statement of the Parent Company and its subsidiaries referred herein in Para 2.1.7 below. The financial statements of the Parent Company and its subsidiaries have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, incomes and expenses after eliminating intra-group balances, intra group transactions and unrealized profits resulting there from and are presented to the extent possible, in the same manner as the RGL Group's independent financial statements.

2.1.3 In case of foreign subsidiaries, revenue items are converted at the average rates prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognized in the "Foreign Currency Translation Reserve".

2.1.4 The financial statements of the Parent Company and its subsidiaries have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the RGL Group's accounting policies. The financial statements of the subsidiaries used in consolidation are drawn up to the same reporting date as that of the Parent Company i.e., year ended March 31, 2024.

2.1.5 Non-controlling interests in the net assets of consolidated subsidiaries is identified and presented in the consolidated Balance Sheet separately within equity.

2.1.6 Non-controlling interests in the net assets of consolidated subsidiaries consists of:

- a) The amount of equity attributable to non-controlling interests at the date on which investment in a subsidiary is made; and
- b) The non-controlling interests' share of movements in equity since the date parent subsidiary relationship came into existence.
- c) The profit and other comprehensive income attributable to non-controlling interests of subsidiaries are shown separately in the Statement of Profit and Loss and Statement of Changes in Equity.

Notes to the Consolidated financial statements (Contd...)

For the year ended March 31, 2024

2.1.7 The subsidiary companies/entities considered in the consolidated financial statements are:

Renaissance FMI Inc., USA (Subsidiary of RD2C Ventures Inc)	Subsidiary	U.S.A.	100%	March 31st

All entities mentioned above are audited by other auditors.

2.2 Basis of Preparation

The consolidated financial statements have been prepared on a historical cost basis except for certain financial assets and financial liabilities (including financial instruments) which have been measured at fair value at the end of each reporting period as explained in the accounting policies stated below.

2.3 Property, Plant and Equipment (PPE)

2.3.1 Freehold Land are stated at historical cost.

2.3.2 All other items of PPE including capital work in progress are stated at cost of acquisition less accumulated depreciation and accumulated impairment losses, if any. PPE is recognized when the cost of an asset can be reliably measured and it is probable that the entity will obtain future economic benefits from the asset.

2.3.3 PPE is measured initially at cost. Cost includes the fair value of the consideration given to acquire the asset (net of discounts and rebates) and any directly attributable cost of bringing the asset to working condition for its intended use (inclusive of import duties and non-refundable purchase taxes).

2.3.4 Capital work in progress (CWIP) comprises of cost of acquisition of assets, duties, levies and any cost directly attributable to bringing the asset to its working condition for the intended use. Expenditure incurred on project under implementation is treated as incidental expenditure incurred during construction and is pending allocation to the assets which will be allocated / apportioned on completion of the project.

2.4 Depreciation/Amortization

2.4.1 Depreciation is provided based on the estimated useful life of the asset which has been determined by the management which coincides with those prescribed under the Schedule II to the Companies Act, 2013 by applying written down value.

2.4.2 Depreciation on property, plant and equipment of the RGL Group's foreign subsidiaries has been provided on straight line method as per the estimated useful life of such assets. Details of estimated useful life of property, plant and equipment of these foreign subsidiaries are as follows:

Class of Assets	Years
Leasehold Improvements	5 Years 4 months
Factory Building	12 to 25 years
Plant and Machinery	10 to 12 Years
Furniture and Fittings	4 to 25 Years
Office Equipment's	4 to 25 years
Computers	3 to 8 Years
Vehicle	4 to 12 Years

Notes to the Consolidated financial statements (Contd...)

For the year ended March 31, 2024

2.4.3 Leasehold Land is amortized on a straight-line basis over the period of lease.

2.4.4 The management believes that the estimated useful lives are realistic and reflects fair approximation of the period over which the assets are likely to be used. At each financial year end, management reviews the residual values, useful lives and method of depreciation of property, plant and equipment and values of the same are adjusted prospectively where needed.

2.5 Intangible assets

2.5.1 Intangible assets acquired separately are measured on initial recognition at cost. Cost comprises the acquisition price, development cost and any attributable / allocable incidental cost of bringing the asset to its working condition for its intended use. The useful life of intangible assets is assessed as either finite or indefinite. All finite-lived intangible assets are accounted for using the cost model whereby intangible assets are stated at cost less accumulated amortisation and impairment losses, if any. Intangible assets are amortised on a straight-line basis over the estimated useful economic life. Residual values and useful lives are reviewed at each reporting date.

2.5.2 Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

2.5.3 When an intangible asset is disposed of, the gain or loss on disposal is determined as the difference between the proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss within 'other income' or 'other expenses' respectively.

2.6 Impairment of non-financial Assets

2.6.1 The RGL Group assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or RGL Group of assets, called cash generating units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the RGL Group estimates the recoverable amount of the CGU to which the asset belongs.

2.6.2 An impairment loss is recognized in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

2.6.3 The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.7 Leases

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option.

In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

2.8 Non-Current Assets held for Sale and Discontinued Operations

i. Non-Current Assets are classified as Held for Sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable. A sale is considered as highly probable when decision has been made to sell, assets are available for immediate sale in its present condition, assets are being actively marketed and sale has been agreed or is expected to be concluded within 12 months of the

Notes to the Consolidated financial statements (Contd...)

For the year ended March 31, 2024

date of classification. Non-current assets held for sale are neither depreciated nor amortised. Assets and liabilities classified as Held for Sale are measured at the lower of their carrying amount and fair value less cost of disposal and are presented separately in the Consolidated Balance Sheet.

When the group is committed to sale plan involving loss of control of a subsidiary, all of the assets and liabilities of that subsidiary are classified as held for sale when the criteria described are met, regardless of whether the group will retain a non-controlling interest in its former subsidiary after the sale. Loss is recognised for any initial or subsequent write down of such non-current assets (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increase in fair value less costs to sell an asset (or disposal group) but not in excess of any cumulative loss previously recognised.

If the criteria for assets held for sale are no longer met, it ceases to be classified as held for sale and are measured at the lower of (i) its carrying amount before the asset was classified as held for sale, adjusted for any depreciation or any amortisation that would have been recognised had that asset not been classified as held for sale, and (ii) its recoverable amount at the date when the disposal group ceases to be classified as held for sale.

The results of discontinued operations or presented separately in the Statement of Profit and Loss.

2.9 Financial instruments

The RGL Group recognizes financial assets and financial liabilities when it becomes party to the contractual provision of the instrument.

2.9.1 Financial assets

a. Initial recognition and measurement

Financial assets are initially measured at its fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value of the concerned financial assets, as appropriate, on initial recognition. Transaction costs directly attributable to acquisition of financial assets at fair value through profit or loss are recognized immediately in profit or loss. However, trade receivable that do not contain a significant financing component are measured at transaction price.

b. Subsequent measurement

For subsequent measurement, the RGL Group classifies financial asset in following broad categories:

- Financial asset carried at amortized cost.
- Financial asset carried at fair value through other comprehensive income (FVTOCI)
- Financial asset carried at fair value through profit or loss (FVTPL)

c. Financial asset carried at amortized cost (net of any write down for impairment, if any)

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

d. Financial asset carried at FVTOCI

Financial asset under this category are measured initially as well as at each reporting date at fair value, when asset is held with a business model whose objective is to hold asset for both collecting contractual cash flows and selling financial assets. Fair value movements are recognized in the other comprehensive income.

e. Financial asset carried at FVTPL

Financial asset under this category are measured initially as well as at each reporting date at fair value. Changes in fair value are recognized in the statement of profit or loss.

f. Derecognition of Financial Asset

A financial asset is primarily derecognized when rights to receive cash flows from the asset have expired or the RGL Group has transferred its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risk and reward of the ownership of the financial asset.

Notes to the Consolidated financial statements *(Contd...)*

For the year ended March 31, 2024

g. Impairment of financial assets

The Company assesses, at each reporting date, whether a financial asset or a group of financial assets is impaired. Ind AS 109 on Financial Instruments, requires expected credit losses to be measured through a loss allowance. For trade receivables only, the Company recognises expected lifetime losses using the simplified approach permitted by Ind AS 109, from initial recognition of the receivables. For other financial assets (not being equity instruments or debt instruments measured subsequently at FVTPL) the expected credit losses are measured at the 12 month expected credit losses or an amount equal to the lifetime expected credit losses if there has been a significant increase in credit risk since initial recognition.

2.9.2 Financial liabilities

a. Initial recognition and measurement

The RGL Group recognizes a financial liability in its Balance Sheet when it becomes party to the contractual provisions of the instrument. The RGL Group classifies all financial liabilities as subsequently measured at amortised cost or FVTPL.

All financial liabilities are recognized initially at fair value and in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

b. Subsequent measurement

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

The EIR amortization is included as finance costs in the statement of profit and loss.

c. Derecognition of financial liabilities:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

2.9.3 Offsetting of Financial Instruments

Financial assets and Financial Liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

2.9.4 Derivative financial instrument:

- a. RGL Group uses derivative financial instruments such as forward contracts to mitigate its foreign currency fluctuation risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at each reporting date. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.
- b. Any gains or losses arising from changes in the fair value of derivatives are taken directly to the Statement of Profit and Loss, except for the effective portion of cash flow hedges, which is recognized in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability.
- c. For the purpose of hedge accounting, hedges are classified as:
 - Fair value hedges when hedging the exposure to changes in the fair value of a recognized asset or liability or an unrecognized firm commitment;

Notes to the Consolidated financial statements (Contd...)

For the year ended March 31, 2024

- Cash flow hedges when hedging the exposure to variability in cash flows that is attributable to a particular risk associated with a recognized asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognized firm commitment;
 - Hedges of a net investment in a foreign operation.
- d. At the inception of a hedge relationship, the RGL Group formally designates and documents the hedge relationship to which the RGL Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the RGL Group's risk management objective and strategy for undertaking hedge, the hedging/economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how will the entity assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective if achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.
- e. Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:
- ✓ **Fair value hedges**

The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognized in the Statement of Profit and Loss as finance costs.

For fair value hedges relating to items carried at amortized cost, any adjustment to carrying value is amortized through profit or loss over the remaining term of the hedge using the EIR method. EIR amortization may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged.

If the hedged item is derecognized, the unamortized fair value is recognized immediately in profit or loss. When an unrecognized firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognized as an asset or liability with a corresponding gain or loss recognized in the Statement of profit and loss.
 - ✓ **Cash flow hedges**

The effective portion of the gain or loss on the hedging instrument is recognized in the OCI in the cash flow hedge reserve, while any ineffective portion is recognized immediately in the Statement of profit and loss. The RGL Group uses forward contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments. The ineffective portion relating to foreign currency contracts is recognized in finance costs.

Amounts recognized in OCI are transferred to Statement of profit and loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognized or when a forecast sale occurs. When the hedged item is a cost of a non-financial asset or non-financial liability, the amounts recognized in OCI are transferred to the initial carrying amount of the non-financial asset or liability. If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognized in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

The RGL Group does not use hedges of net investment.
- f. **Derecognition:**
- On derecognition of hedged item, the unamortized fair value, of the hedging instrument adjusted to the hedged items is recognized in the Statement of Profit or Loss.

2.10 Fair value measurement

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Notes to the Consolidated financial statements (Contd...)

For the year ended March 31, 2024

2.11 Inventories

Inventories are valued as under:

Cut & Polished Diamonds	Polished diamonds are valued at lower of cost or net realizable value. Cost is ascertained on lot-wise weighted average basis.
Finished Goods of Jewellery	Finished goods are valued at lower of cost or net realizable value. Cost includes direct materials, labour and all other cost related to converting them into finished goods. Cost is determined on specific identification basis.
Raw materials	Lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on specific identification basis. Cost of raw materials comprises of cost of purchase and other cost in bringing the inventory to their present location and condition excluding refundable taxes and duties.
Work-in-progress and Finished goods	Lower of cost and net realizable value. Cost includes direct materials, labour and proportionately all other cost related to converting them into finished goods. Cost is determined on specific identification basis.
Traded Goods – Jewellery	Lower of cost (average cost method) or market (net realizable value).
Stores and spares	Lower of cost and net realizable value. The cost is computed on moving weighted average.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Identification of a specific item and determination of estimated net realizable value involve technical judgements of the management supported by valuation from an independent valuer and quality report from gemmologist of the Company.

2.12 Revenue recognition

According to IND AS 115, entity shall recognize revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

The RGL Group follows specific recognition criteria as described below before the revenue is recognized.

2.12.1 Sale of goods

- In case of domestic customer, generally performance obligation satisfied and transferred the control when goods are dispatched or delivery is handed over to transporter, in case of export customers, generally performance obligation satisfied and transferred the control, when goods are shipped on board based on bill of lading.
- Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

2.12.2 Sale of services

- Sale of services comprises of jewellery making charges.
- Revenue from Jewellery making charges is recognized when it is probable that the economic benefit will flow to the RGL Group and the amount of income can be measured reliably.

2.12.3 Other operating revenue

- Other operating revenue comprises of sale of dust & Technological support services.
- Revenue from sale of dust & Technological support services are recognized when it is probable that the economic benefit will flow to the RGL Group and the amount of income can be measured reliably.

Notes to the Consolidated financial statements (Contd...)

For the year ended March 31, 2024

2.13 Other Income

- a. Other income comprises of interest income and dividend from investment and profits on redemption of investments.
- b. Income other than mentioned above is recognized only when it is reasonably certain that the ultimate collection will be made.

2.14 Foreign Currency Transactions

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities at the Balance Sheet date are translated at the exchange rate prevailing on the date of Balance Sheet.

Exchange rate differences resulting from foreign currency transactions settled during the period including year-end translation of assets and liabilities are recognized in the Statement of Profit and Loss.

Non-monetary assets, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the initial transaction.

Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or Statement of Profit and Loss are also recognized in OCI or Statement of Profit and Loss, respectively).

2.15 Employee benefits

2.15.1 Parent Company

a. Short Term Employee Benefits

Short term employee benefits are recognized in the period during which the services have been rendered.

b. Long Term Employee Benefits

• Provident Fund, Family Pension Fund & Employees' State Insurance Scheme

As per the Employees Provident Funds and Miscellaneous Provisions Act, 1952 all employees of the Company are entitled to receive benefits under the provident fund & family pension fund which is a defined contribution plan. These contributions are made to the fund administered and managed by Government of India. In addition, some employees of the Company are covered under Employees' State Insurance Scheme Act 1948, which are also defined contribution schemes recognized and administered by Government of India.

The Company's contributions to these schemes are recognized as expense in Statement of Profit and Loss account during the period in which the employee renders the related service. The Company has no further obligation under these plans beyond its monthly contributions.

• Leave Encashment

The Company provides for the liability at year end on account of unavailed earned leave as per the actuarial valuation.

• Gratuity

The Company provides for gratuity obligations through a Defined Benefits Retirement plan ('The Gratuity Plan') covering all employees. The present value of the obligation under such Defined benefits plan is determined based on actuarial valuation using the Project Unit Credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up final obligation.

• Share based payment

The cost is recognised, together with a corresponding increase in Employee stock options outstanding in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company best estimate of the number of equity instruments that will ultimately vest. The statement of profit and

loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share

2.15.2 Renaissance Jewelry New York, Inc.

The company, since incorporated in the USA, has followed the law of that country and has established a 401(k) saving plan (the 'Plan'). At the discretion of the company, the Plan provides for the company's contributions based on eligible amounts contributed to the Plan by its participants. For the year ended March 31, 2024, the company did not make any contribution to this Plan.

2.15.3 Verigold DMCC

Staff end-of-service gratuity

The company computes the provision for the liability to staff end-of-service gratuity assuming that all employees were to leave as of the reporting date. The management is of the opinion that no significant difference would have arisen had the liability been calculated on an actuarial basis as salary inflation and discount rates are likely to have approximately equal and opposite effects.

2.16 Tax

2.16.1 Parent Company

The tax expense for the period comprises current and deferred tax. Taxes are recognised in the statement of profit and loss, except to the extent that it relates to the items recognised in the comprehensive income or in Equity in which case, the tax is also recognised in the comprehensive income or in Equity.

a. Current tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income-tax Act. Current income tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in OCI or in equity).

b. Deferred tax

Deferred Tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred Tax Assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised. Deferred Tax Liabilities and Assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

2.16.2 Foreign Subsidiaries

Tax expenses have been accounted for on the basis of tax laws prevailing in respective countries of incorporation.

2.17 Segment reporting

The RGL Group has two operating/reportable segment based on geographical area, i.e., domestic sales and export sales. The operating segment is managed separately as each involves different regulations, marketing approaches and other resources. These operating segments are monitored by the RGL Group's chief operating decision maker and strategic decisions are made on the basis of segment operating results. All inter-segment transfers are carried out at arm's length prices based on prices charged to unrelated customers in standalone sales of identical goods or services.

For management purposes, the RGL Group uses the same measurement policies as those used in its financial statements. In addition, corporate assets which are not directly attributable to the business activities of any operating segment are not allocated to a segment.

There have been no changes from prior periods in the measurement methods used to determine reported segment profit or loss. No asymmetrical allocations have been applied between segments.

Notes to the Consolidated financial statements (Contd...)

For the year ended March 31, 2024

2.18 Provisions, Contingent Liabilities and Contingent Assets

2.18.1 Provisions

- a. Provisions are recognized when the RGL Group has present obligation (legal or constructive) as a result of past event and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense related to a provision is presented in the statement of profit and loss net of any reimbursement/contribution towards provision made.
- b. If the effect of the time value of money is material, estimate for the provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.
- c. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

2.18.2 Contingent liability

- a. Contingent liability is disclosed in the case;
 - When there is a possible obligation which could arise from past event and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the RGL Group or;
 - A present obligation that arises from past events but is not recognized as expense because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or;
 - The amount of the obligation cannot be measured with sufficient reliability.
- b. Commitments
 - Commitments include the value of the contracts for the acquisition of the assets net of advances.

2.18.3 Contingent assets

Contingent assets are disclosed in case a possible asset arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the RGL Group.

Contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

2.19 Cash flow statements

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of RGL Group is segregated.

2.20 Measurement of EBITDA

As permitted by the Guidance Note on Division II – Ind AS Schedule III to the Companies Act, 2013, the RGL Group has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The RGL Group measures EBITDA on the basis of profit/ (loss) from continuing operations. In its measurement, the RGL Group does not include depreciation and amortization expense, finance costs and tax expense.

2 RECENT ACCOUNTING DEVELOPMENT / PRONOUNCEMENT

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

3 KEY ACCOUNTING JUDGMENTS', CRITICAL ESTIMATES AND ASSUMPTIONS

The preparation of the RGL Group's consolidated financial statements requires the management to make judgments', estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying

Notes to the Consolidated financial statements *(Contd...)*

For the year ended March 31, 2024

disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The RGL Group continually evaluates these estimates and assumption based on the most recently available information.

In particular, information about significant areas of estimates and judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as below:

- a. Assessment of functional currency
- b. Financial instruments
- c. Estimates of useful lives and residual value of PPE and intangible assets
- d. Impairment of financial and non-financial assets
- e. Valuation of inventories
- f. Measurement of Defined Benefit Obligations and actuarial assumptions
- g. Allowances for uncollected trade receivable and advances
- h. Provisions
- i. Provisions for Current and Deferred Tax
- j. Evaluation of recoverability of deferred tax assets
- k. Contingencies and
- l. Determination of effective portion of Cash flow hedge

Revisions to accounting estimates are recognized prospectively in the consolidated Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

For the year ended March 31, 2024

Nature and Purpose of Reserve

Capital Reserve

Capital Reserve represents ₹ 380 Lakhs (Previous year ₹ 380 Lakhs) towards forfeiture of share warrants and ₹ 697.53 Lakhs (Previous year ₹ 697.53 Lakhs) towards gain on bargain purchase.

Securities Premium Account

Securities Premium represents the premium charged to the shareholders at the time of issuance of shares. Securities Premium can be utilised based on the relevant requirements of the Act.

General Reserve

General reserve represents created out of the retained earnings permitted to be distributed to shareholders as part of dividend.

Retained earnings

Retained earnings represent the amount of accumulated earnings of the Group.

Capital redemption reserve

In accordance with Section 69 of the Indian Companies Act, 2013, the Company creates a capital redemption reserve equal to the nominal value of the shares bought back as an appropriation from the general reserve.

Cash flow hedge reserve

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedging reserve. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Consolidated Statement of Profit and Loss upon the occurrence of the related forecasted transaction.

Foreign Currency Translation Reserves

represents the unrealised gains and losses on account of translation of financial statement of foreign subsidiaries into the reporting currency.

Other components of equity

Other components of equity include currency translation, remeasurement of net defined benefit liability / asset, equity instruments fair valued through other comprehensive income, changes on fair valuation of investments, net of taxes.

Share Based Payment Reserve

The share options outstanding account is used to record the fair value of equity-settled, share-based payment transactions with employees. The amounts recorded in share options outstanding account are transferred to securities premium upon the exercise of stock options and transferred to the general reserve on account of stock options not exercised by employees.

42 RISK MANAGEMENT FRAMEWORK

Parent Company's board of directors has overall responsibility for establishment of RGL Group risk management framework. Management is responsible for developing and monitoring RGL Group's risk management policies, under the guidance of Audit Committee. Management identifies, evaluates and analyses the risks to which RGL Group is exposed to and set appropriate risk limits and controls to monitor risks and adherence to limits.

Management periodically reviews its risk policy and systems to assess need for changes in the policies to adapt to the changes in market conditions and align the same to the business of the RGL Group. Management through its interaction and training to concerned employees aims to maintain a disciplined and constructive control environment in which concerned employees understand their roles and obligations. The Audit committee oversees how management monitors compliance with RGL Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks to which RGL Group is exposed. The Audit committee is assisted in its role by the internal auditor wherever required. Internal auditor undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit committee.

The RGL Group has exposure to following risks arising from financial instruments:

- a) Credit risk
- b) Liquidity risk
- c) Market risk

a) Credit risk:

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. RGL Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, mutual funds and financial institutions, foreign exchange transactions and other financial instruments.

Notes to the Consolidated financial statements (Contd...)

For the year ended March 31, 2024

The RGL Group has adopted a policy of only dealing with counterparties that have sufficiently high credit standards and financial strength. The RGL Group's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the several counterparties.

Credit risk arising from derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the reputed credit rating agencies.

As regards, credit risk for investment in equity shares, the RGL Group limits its exposure to credit risk by investing mainly in scrips which are of high credibility. RGL Group monitors changes in credit risk by tracking published external credit ranking. Based on its on-going assessment of counterparty risk, RGL Group adjusts its exposure to various counterparties from time to time.

As regards, credit risk for investment in mutual funds, the RGL Group limits its exposure to credit risk by investing mainly in debt securities issued by mutual funds which are of high credit ranking from rating agency like CRISIL or the equivalent rating agency. RGL Group monitors changes in credit risk by tracking published external credit ranking. Based on its on-going assessment of counterparty risk, RGL Group adjusts its exposure to various counterparties from time to time.

Credit risk from Trade receivables is managed by the RGL Group's established policy, procedures and control relating to customer credit risk management. Trade receivables are mainly from reputed debtors and are non-interest bearing. Trade receivables generally ranges from 30 - days to 180- days credit term. Credit limits are established for all customers based on internal criteria and any deviation in credit limit requires approval of Head of the department and / or Directors depending upon the quantum and overall business risk. Majority of the customers have been doing business with the RGL Group for more than 3 years and they are being monitored by individual business managers who deals with those customers. Management monitors trade receivables on regular basis and takes suitable action where needed to control the receivables crossing set criteria / limits.

Management does an impairment analysis at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Further, the RGL Group's customers base is widely distributed both economically as well as geographically and in view of the same, the quantum risk also gets spread across wide base and hence management considers risk with respect to trade receivable as low.

For trade receivables, as a practical expedient, the RGL Group computes credit loss allowance based on a provision matrix. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates.

Expected credit loss for trade receivables under simplified approach as at the end of each reporting period is as follows:

(₹ in Lakhs)

Particulars	March 31, 2024	March 31, 2023
Gross carrying amount	48,261.94	44,528.92
Less: Expected credit loss at simplified approach	20.93	0.17

Total	39,666.87	4,983.68	1.53	(185.73)	5.50	56.90	44,528.75

b) Liquidity risk:

Liquidity risk is the risk that RGL Group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. RGL Group's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. RGL Group closely monitors its liquidity position and deploys a robust cash management system.

The RGL Group has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The RGL Group manages the liquidity risk by maintaining adequate funds in cash and cash equivalents. The RGL Group also has adequate credit facilities agreed with banks to ensure that there is sufficient cash or cash equivalent available to meet all its normal operating commitments in a timely and cost-effective manner. Working capital requirements are adequately addressed by internally generated funds and through working capital loans available from various banks. Trade receivables are kept within manageable levels. RGL Group aims to maintain the level of its cash and cash equivalents and other highly marketable debt investments at an amount in excess of expected cash outflows on financial liabilities over the next three to six months.

c) Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks;

- i) Interest rate risk
- ii) Currency risk and;
- iii) Equity price risk

Financial instruments affected by market risk includes borrowings, investments, trade payables, trade receivables, loans and derivative financial instruments.

The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

i) Interest rate risk

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the RGL Group's cash flows as well as costs. The RGL Group is subject to variable interest rates on some of its interest bearing liabilities. The RGL Group's interest rate exposure is mainly related to debt obligations. The RGL Group has not used any interest rate derivatives.

Notes to the Consolidated financial statements (Contd...)

For the year ended March 31, 2024

Based on the composition of debt as at March 31, 2024 and March 31, 2023 a 100 basis points increase in interest rates would increase the RGL Group's finance costs and thereby consequently reduce net profit before tax by approximately ₹ 510.36 Lakhs for the year ended March 31, 2024 (March 31, 2023 : ₹ 462.32 Lakhs).

ii) Foreign Currency risk

The RGL Group's foreign exchange risk arises from its foreign operations, foreign currency revenues, foreign currency expenses and foreign currency borrowings. Primarily, the exposure in foreign currencies are denominated in USD. As a result, if the value of the Indian rupee appreciates relative to these foreign currencies, the RGL Group's revenues and expenses measured in Indian rupees may decrease or increase and vice-versa. The exchange rate between the Indian rupee and USD have changed substantially in recent periods and may continue to fluctuate substantially in the future. Consequently, the RGL Group uses foreign exchange forward contracts and foreign currency financial liabilities, to mitigate the risk of changes in foreign currency exchange rates in respect of its highly probable forecasted transactions and recognized assets and liabilities.

Details of Hedged exposure in foreign currency denominated monetary items

The RGL Group enters into forward exchange contracts to hedge against its foreign currency exposure relating to the underlying transactions and based on past performance. The RGL Group does not enter into any derivative instruments for trading or speculative purpose.

The forward exchange contracts used for hedging foreign currency exposure and outstanding as at reporting date are as under:

Cash Flow Hedged Accounting:

The Parent Company designates its derivative contracts that hedge foreign exchange risk associated with its highly probable forecasted transactions as cash flow hedges and measures them at fair value. The effective portion of such cash flow hedges is recorded as in other comprehensive income, and re-classified in the income statement as revenue in the period corresponding to the occurrence of the forecasted transactions. The ineffective portion of such cash flow hedges is immediately recorded in the statement of profit and loss.

Notes to the Consolidated financial statements (Contd...)

For the year ended March 31, 2024

The forward exchange contracts used for hedging foreign currency exposure and outstanding as at reporting date are as under:

Currency	(₹ in Lakhs)

iii. Equity Price risk

Equity price risk is related to change in market reference price of investments in equity securities and equity linked mutual funds held by the RGL Group. The fair value of quoted investments held by the RGL Group exposes the RGL Group to equity price risks. In general, these investments are not held for trading purposes.

Sensitivity

The sensitivity to profit or loss in case of an increase in price of the instrument by 5% keeping all other variables constant would have resulted in an impact on profits by ₹ 566.04 Lakhs (March 31, 2023 : ₹ 468.36 Lakhs).

Provident Fund

The Honourable Supreme Court, has passed a decision on 28th February, 2019 in relation to inclusion of certain allowances within the scope of "Basic wages" for the purpose of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952. The Company, based on legal advice, is awaiting further clarifications in this matter in order to reasonably assess the impact on its financial statements, if any. Accordingly, the applicability of the judgement to the Company, with respect to the period and the nature of allowances to be covered, and resultant impact on the past provident fund liability, cannot be reasonably ascertained, at present.

(The contingent liabilities, if materialised, shall entirely be borne by the RGL group, as there is no likely reimbursement from any other party.)
