

Solar Initiatives at Palghar District

- Renaissance Global Limited as part of its CSR initiative in the year 2025-26 has installed a 12KWp solar installation at the Madhyamik Ashram School at Vikramgad Taluka in the Palghar district of Maharashtra (India).
- This solar power initiative duly commissioned has already begun assisting around 400 residential students belonging especially to the Scheduled tribe communities coming from economically and socially privileged backgrounds by providing uninterrupted power supply which greatly benefits the students in their studies during the evening and night hours and in the hostels too thereby improving the overall functioning of the school and create a better learning environment.
- This is the third school initiative for solar power implementation by Renaissance Global Ltd. in the rural areas at the Vikramgad taluka in the Palghar district.

Subject: Heartfelt Thanks for Donation of 12 KVA Solar Energy System...

Respected Sir/Ma'am,

I am writing on behalf of our Late.Ulhasrao Bhoir Primary and Secondary Ashram School Vikramgad, Tal.Vikramgad, Dist.Palghar to express our sincere gratitude to *Renaissance Global Limited* for generously donating a solar energy system to our institution through your CSR initiative.

Our Ashram School, located in a tribal area, provides education to 505 students from 1st to 10th standard. Out of these, 400 students are residential (hostellers), while the remaining are day scholars. All our students belong to Scheduled Tribe communities and come from economically and socially underprivileged backgrounds.

In such a remote area, access to reliable electricity has always been a challenge. Your generous contribution of a solar energy system has brought a significant positive change to our school. It ensures uninterrupted power supply, which greatly benefits our students in their studies, especially during evening hours in hostels. It has also improved the overall functioning of the school and created a better learning environment.

Your thoughtful support is not just a donation but an investment in the future of these children. It has empowered us to provide better facilities and opportunities to our students, helping them move towards a brighter and more sustainable future.

We are deeply thankful for your kindness and social responsibility. We look forward to your continued support and guidance in the future as well.

With heartfelt thanks,

Yours faithfully,

Geosmbas
